Wylie Junior High Student Handbook

Welcome to the new school year!

Education is a team effort. Students, parents, teachers, and other staff members working together will make this a successful year.

The Wylie Junior High Student Handbook is a general reference guide that is divided into two sections:

Section One: Parental Rights describes certain parental rights as specified in state or federal law.

Section Two: Other Important Information for Parents and Students is organized alphabetically by topic. Where applicable, the topics are further organized by grade level.

Note: Unless otherwise noted, the term “parent” refers to the parent, legal guardian, any person granted some other type of lawful control of a student, or any other person who has agreed to assume school-related responsibility for a student.

The Student Handbook is designed to align with law, board-adopted policy, and the Student Code of Conduct, a board-adopted document intended to promote school safety and an atmosphere for learning. The Student Handbook is not meant to be a complete statement of all policies, procedures, or rules in any given circumstance.

In case of conflicts between board policy (including the Student Code of Conduct) and any Student Handbook provision, the district will follow board policy and the Student Code of Conduct.

Therefore, parents and students should become familiar with the Wylie Junior High Student Code of Conduct. To review the Code of Conduct, visit the district’s website at www.wyliebulldogs.org. State law requires that the Code of Conduct be prominently displayed or made available for review at each campus.

The Student Handbook is updated annually; however, policy adoption and revisions may occur throughout the year. The district encourages parents to stay informed of proposed policy changes by attending board meetings and reviewing newsletter and other communications explaining changes in policy or other rules that affect Student Handbook provisions. The district reserves the right to modify the Student Handbook at any time. Notice of revisions will be provided as is reasonably practical.

Although the Student Handbook may refer to rights established through law or district policy, it does not create additional rights for parents and students. It does not, nor is it intended to, represent a contract between any parent or student and the district.

A hard copy of either the Student Code of Conduct or Student Handbook can be requested in the office.

Note: References to board policy codes are included for ease of reference. The hard copy of the district’s official policy manual is available for review in the district administration office, and an unofficial electronic copy is available at www.wyliebulldogs.org. The policy manual includes:

- Legally referenced (LEGAL) policies that contain provisions from federal and state laws and regulations, case law, and other legal authorities that provide the legal framework for school districts.
- Board-adopted (LOCAL) policies that articulate the board’s choices and values regarding district practices.

For questions about the material in this handbook, please contact the campus principal.

Section I: Parental Rights

This section of the Wylie Junior High Student Handbook includes information related to certain rights of parents as specified in state or federal law.

Consent, Opt-Out, and Refusal Rights

Consent to Conduct a Psychological Evaluation

Unless required under state or federal law, a district employee will not conduct a psychological examination, test, or treatment, without obtaining prior written parental consent.

Note: An evaluation may be legally required under special education rules or by the Texas Education Agency for child abuse investigations and reports.

Consent to Human Sexuality Instruction

(This applies to 8th grade students who are taking Health)

Annual Notification

As a part of the district's curriculum, students receive instruction related to human sexuality. The School Health Advisory Council (SHAC) makes recommendations for curriculum materials, and the school board adopts the materials and determines the specific content of the instruction.

In accordance with state law, a parent may:

- Review, receive a copy of, or purchase a copy of curriculum materials depending on the copyright of the materials.
- Remove his or her child from any part of the human sexuality instruction without academic, disciplinary, or other penalties.
- Become involved in the development of this curriculum by becoming a member of the district's SHAC or attending SHAC meetings. (See the campus principal for details.)
- Use the district's grievance procedure concerning a complaint. See Complaints and Concerns (All Grade Levels) and FNG(LOCAL). State law also requires that instruction related to human sexuality, sexually transmitted diseases, or human immunodeficiency virus (HIV) or acquired immune deficiency syndrome (AIDS):
- Present abstinence from sexual activity as the preferred choice in relationship to all sexual activity for unmarried persons of school age;
- Devote more attention to abstinence from sexual activity than to any other behavior;
- Emphasize that abstinence, if used consistently and correctly, is the only method that is 100 percent effective in preventing pregnancy, sexually transmitted infections, and the emotional trauma associated with adolescent sexual activity;
- Direct adolescents to abstain from sexual activity before marriage as the most effective way to prevent pregnancy and sexually transmitted diseases; and
- If included in the content of the curriculum, teach contraception and condom use in terms of human use reality rates instead of theoretical laboratory rates.

[See Consent to Instruction of Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking]

Consent Before Human Sexuality Instruction

Before a student receives human sexuality instruction, the district must obtain written consent from the student's parent. Parents will be sent a request for written consent at least 14 days before the instruction.

Consent Before Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking

Before a student receives instruction on the prevention of child abuse, family violence, dating violence and sex trafficking, the district must obtain written consent from the student's parent. Parents will be sent a request for written consent at least 14 days before the instruction will begin.

Annual Notification

Students in junior high school and high school receive instruction related to the prevention of child abuse, family violence, dating violence, and sex trafficking. The School Health Advisory Council (SHAC) makes recommendations for curriculum materials, and the school board adopts the materials and determines the specific content of the instruction.

In accordance with state law, a parent may:

- Review, receive a copy of, or purchase a copy of curriculum materials depending on the copyright of the materials. As required by law, any curriculum materials in the public domain used in this instruction will be posted on the district's website at the location indicated above.
- Remove his or her child from any part of this instruction without academic, disciplinary, or other penalties.
- Become involved in the development of this curriculum by becoming a member of the district's SHAC or attending SHAC meetings. (See the campus principal for details.)
- Use the district's grievance procedure concerning a complaint. See Complaints and Concerns (All Grade Levels) FNG for information on the grievance and appeals process.

Consent to Provide a Mental-Health Care Service

The district will not provide a mental health care service to a student or conduct a medical screening of a student as part of the district's intervention procedures except as permitted by law. The district has established procedures for recommending to a parent an intervention for a student with early warning signs of mental health concerns, substance abuse, or suicide risk. The district's mental health liaison will notify the student's parent within a reasonable amount of time after the liaison learns that a student has displayed early warning signs and provide information about available counseling options. [Describe the district's procedures here.] The district has also established procedures for staff to notify the mental health liaison regarding a student who may need intervention. The mental health liaison can be reached at: Shauni Vaughn, Special Education Director, 6251 Buffalo Gap Rd, shauni.vaughn@wyliebulldogs.org, 325-692-4353. The mental health liaison can provide further information regarding these procedures as well as educational materials on identifying risk factors, accessing resources for treatment or support on and off campus, and accessing available student accommodations provided on campus. For further information, see **Mental Health Support**.

Consent to Display a Student's Original Works and Personal Information

Teachers may display a student's work in classrooms or elsewhere on campus as recognition of student achievement without seeking prior parental consent. These displays may include personally identifiable student information. Student work includes:

- Artwork,
- Special projects
- Photographs
- Original videos or voice recordings, and
- Other original works

However, the district will seek parental consent before displaying a student's work on the district's website, a website affiliated or sponsored by the district (such as a campus or classroom website), or in district publications, which may include printed materials, videos, or other methods of mass communication.

Consent to Receive Parenting and Paternity Awareness Instruction if Student is Under Age 14

A student under age 14 must have parental permission to participate in the district's parenting and paternity awareness program. This program was developed by the Office of the Texas Attorney General and the State Board of Education (SBOE) to be incorporated into health education classes.

Consent to Video or Audio Record a Student When Not Otherwise Permitted by Law

State law permits the school to make a video or voice recording without parental permission when it:

- Is to be used for school safety,
- Relates to classroom instruction or a co-curricular or extracurricular activity,

Wylie Junior High Student Handbook

- Relates to media coverage of the school, or
- Relates to the promotion of student safety as provided by law for a student receiving special education services in certain settings.

In other circumstances, the district will seek written parental consent before making a video or voice recording of a student. Please note that parents and visitors to a classroom, both virtual and in person, may not record video or audio or take photographs or other still images without permission from the teacher or other school official.

Opting Out of Advanced Mathematics in Grades 6-8

The district will automatically enroll a student in grade 6 in an advanced mathematics course if the student performed in the top 40 percent on the grade 5 mathematics STAAR or a local measure that demonstrates proficiency in the student's grade 5 mathematics course work.

Enrollment in an advanced mathematics course in grade 6 will enable students to enroll in Algebra I in grade 8 and advanced mathematics in grades 9-12.

The student's parent may opt the student out of automatic enrollment in an advanced mathematics course.

Prohibiting the Use of Corporal Punishment

Corporal punishment—spanking or paddling a student—may be used as a discipline management technique in accordance with the Student Code of Conduct and district policy FO(LOCAL).

However, in accordance with law, the district may not administer corporal punishment if a student's parent submits a signed, written statement prohibiting its use.

A parent who does not want corporal punishment administered to his or her child must submit a written statement to the campus principal stating this decision. This signed statement must be submitted each school year. A parent may revoke this prohibition at any time during the school year by providing a signed statement to the campus principal.

Note: District personnel may use discipline methods other than corporal punishment if a parent requests that corporal punishment not be used.

If the district knows that a student is in temporary or permanent custody of the state (through foster care, kinship care, or other arrangements), corporal punishment will not be administered, even when the student's caregiver or caseworker has not submitted a signed statement prohibiting its use.

Limiting Electronic Communications with Students by District Employees

The district permits teachers and other approved employees to use electronic communications with students within the scope of professional responsibilities, as described by district guidelines.

For example, a teacher may create a social networking page for his or her class to relay information regarding class work, homework, and tests. A parent is welcome to access such a page.

However, text messages sent to an individual student are only allowed if a district employee with responsibility for an extracurricular activity must communicate with a student participating in that activity.

The employee is required to include his or her immediate supervisor and the student's parent as recipients on all text messages.

A parent who does not want his or her child to receive one-to-one electronic communications from a district employee should contact the campus principal.

Objecting to the Release of Directory Information

The Family Educational Rights and Privacy Act, or FERPA, permits the district to disclose appropriately designated "directory information" from a child's education records without written consent. "Directory information" is information that is generally not considered harmful or an invasion of privacy if released. Examples include a student's photograph for publication in the school yearbook; a student's name and grade level for purposes of communicating class and teacher assignment; the name, weight, and height of an athlete for publication in a school athletic program; a list of student birthdays for generating schoolwide or classroom recognition; a student's name and photograph posted on a district-approved and managed social media platform; and the names and grade levels of students submitted by the district to a local newspaper or other community publication to recognize the A/B honor roll for a specific grading period. Directory information will be released to anyone who follows procedures for requesting it. However, a parent or eligible student may object to the release of a student's directory information. This objection must be made in writing to the principal within ten school days of your child's first day of instruction for this school year. [See the "Notice Regarding Directory Information and Parent's Response Regarding Release of Student Information" included in the forms packet.]

The district requests that families living in a shelter for survivors of family violence or trafficking notify district personnel that the student currently resides in such a shelter. Families may want to opt out of the release of directory information so that the district does not release any information that might reveal the location of such a shelter.

The district has identified the following as directory information: student name; address; telephone listing; electronic mail address; photograph; date and place of birth; major field of study; degrees, honors, and awards received; dates of attendance; grade level; most recent educational institution attended; participation in officially recognized activities and sports; and weight and height of members of athletic teams. If you object to the release of the student information included on the directory information response form, your decision will also apply to the use of that information for school-sponsored purposes, such as the honor roll, school newspaper, the yearbook, recognition activities, news releases, and athletic programs. Also review the information at Authorized Inspection and Use of Student Records.

Participation in Third-Party Surveys

Consent Required Before Student Participation in a Federally Funded Survey

The Protection of Pupil Rights Amendment (PPRA) provides parents certain rights regarding participation in surveys, the collection and use of information for marketing purposes, and certain physical exams. A parent has the right to consent before a student is required to submit to a survey funded by the U.S. Department of Education that concerns any of the following protected areas:

- Political affiliations or beliefs of the student or the student's parent.
- Mental or psychological problems of the student or the student's family.
- Sexual behavior or attitudes.
- Illegal, antisocial, self-incriminating, or demeaning behavior.
- Critical appraisals of individuals with whom the student has a close family relationship.
- Relationships privileged under law, such as relationships with lawyers, doctors, and ministers.
- Religious practices, affiliations, or beliefs of the student or parents.
- Income, except when the information is required by law and will be used to determine the student's eligibility to participate in a special program or to receive financial assistance under such a program.

A parent can inspect the survey or other instrument and any corresponding instructional materials used in connection with such a survey. [See policy EF(LEGAL) for more information.]

"Opting Out" of Participation in Other Types of Surveys or Screenings and the Disclosure of Personal Information

The PPRA gives parents the right to receive notice and an opportunity to opt a student out of:

- Activities involving the collection, disclosure, or use of personal information gathered from the child for the purpose of marketing, selling, or otherwise disclosing that information to others.
- Any nonemergency, invasive physical examination or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of the student. As a parent, you may inspect a survey created by a third party before the survey is administered or distributed to your child.

Exceptions are hearing, vision, or spinal screenings, or any physical examination or screening permitted or required under state law. [See policies EF and FFAA for more information.]

A parent may inspect:

- Protected information surveys of students and surveys created by a third party;
- Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and

Wylie Junior High Student Handbook

- Instructional material used as part of the educational curriculum.
- The ED provides extensive information about the Protection of Pupil Rights Amendment, including a PPRA Complaint Form.

Removing a Student from Instruction or Excusing a Student from a Required Component of Instruction

Reciting a Portion of the Declaration of Independence in Grades 3–12

State law designates the week of September 17 as Celebrate Freedom Week and requires all social studies classes provide:

- Instruction concerning the intent, meaning, and importance of the Declaration of Independence and the U.S. Constitution, and
- A specific recitation from the Declaration of Independence for students in grades 3–12. Per state law, a student may be excused from recitation of a portion of the Declaration of Independence if:
 - A parent provides a written statement requesting that his or her child be excused,
 - The district determines that the student has a conscientious objection to the recitation, or
 - A parent is a representative of a foreign government to whom the U.S. government extends diplomatic immunity. [See policy EHBK(LEGAL) for more information.]

Reciting the Pledges to the U.S. and Texas Flags

A parent may request that his or her child be excused from participation in the daily recitation of the Pledge of Allegiance to the U.S. flag and the Pledge of Allegiance to the Texas flag. The request must be made in writing. State law, however, requires that all students participate in one minute of silence following recitation of the pledges. [See Pledges of Allegiance and a Minute of Silence policy EC(LEGAL) for more information.]

Religious or Moral Beliefs

A parent may remove his or her child temporarily from the classroom if a scheduled instructional activity conflicts with the parent's religious or moral beliefs. The removal may not be used to avoid a test and may not extend for an entire semester. Further, the student must satisfy grade-level and graduation requirements as determined by the school and by state law.

Tutoring or Test Preparation

A teacher may determine that a student needs additional targeted assistance for the student to achieve mastery in state-developed essential knowledge and skills based on:

- Informal observations,
- Evaluative data such as grades earned on assignments or tests, or
- Results from diagnostic assessments.

The school will always attempt to provide tutoring and strategies for test-taking in ways that prevent removal from other instruction as much as possible. In accordance with state law and policy EC, a student from a regularly scheduled class for remedial tutoring or test preparation for more than ten percent of the days the class is offered. Under state law, students with grades below 70 for a reporting period are required to attend tutorial services—if the district offers these services. [For questions about school-provided tutoring programs contact the student's teacher and see policies EC and EHBC.] See Standardized Testing for information regarding required accelerated instruction after a student fails to perform satisfactorily on certain state-mandated tests.]

Right of Access to Student Records, Curriculum Materials, and District Records/Policies

Parent Review of Instructional Materials

A parent has the right to review teaching materials, textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered, whether instruction is delivered in-person, virtually, or remotely.

The district will make instructional materials available for parent review no later than 30 days before the school year begins and for at least 30 days after the school year ends. However, tests that have not yet been administered will not be made available for parent examination.

The district will provide login credentials to each student's parent for any learning management system or online learning portal used in instruction to facilitate parent access and review.

A parent is also entitled to request that the school allow the student to take home instructional materials the student uses. The school may ask the student to return the materials at the beginning of the next school day. A school must provide printed versions of electronic instructional materials to a student if the student does not have reliable access to technology at home.

District Review of Instructional Materials

A parent may request that the district conduct an instructional material review in a math, English Language Arts, science, or social studies class in which the parent's student is enrolled to determine alignment with state standards and the level of rigor for the grade level.

The district is not required to conduct an instructional material review for a specific subject area or grade level at a specific campus more than once per school year.

A noncustodial parent may request in writing that he or she be provided, for the remainder of the school year, a copy of any written notice usually provided to a parent related to his or her child's misconduct that may involve placement in a disciplinary alternative education program (DAEP) or expulsion. [See the Student Code of Conduct and policy FO(LEGAL) for more information.]

Participation in Federally Required, State-Mandated, and District Assessments

In accordance with the Every Student Succeeds Act (ESSA), a parent may request information regarding any federal, state, or district policy related to his or her child's participation in required assessments.

Student Records

Accessing Student Records

You may review your child's student records. These records include:

- Attendance records,
- Test scores,
- Grades,
- Disciplinary records,
- Counseling records,
- Psychological records,
- Applications for admission,
- Health and immunization information,
- Other medical records,

- Teacher and school counselor evaluations,
- Reports of behavioral patterns,
- Records relating to assistance provided for learning difficulties, including information collected regarding any intervention strategies used with your child, as the term intervention strategy is defined by law,
- State assessment instruments that have been administered to your child, and
- Teaching materials and tests used in your child's classroom.

Authorized Inspection and Use of Student Records

A federal law, known as the Family Educational Rights and Privacy Act, or FERPA, affords parents and eligible students certain rights with respect to student education records. For purposes of student records, an "eligible" student is one who is age 18 or older or who is attending an institution of postsecondary education. These rights, as discussed in this section as well as at Objecting to the Release of Directory Information, are:

- The right to inspect and review student records within 45 days after the day the school receives a request for access.
- The right to request an amendment to a student record the parent or eligible student believes is inaccurate, misleading, or otherwise in violation of FERPA.
- The right to provide written consent before the school discloses personally identifiable information from the student's records, except to the extent that FERPA authorizes disclosure without consent.
- The right to file a complaint with the U.S. Department of Education concerning failures by the school to comply with FERPA requirements.

For more information about how to file a complaint, see <https://studentprivacy.ed.gov/file-a-complaint>.

Both FERPA and state laws safeguard student records from unauthorized inspection or use and provide parents and eligible students certain rights of privacy. Before disclosing any personally identifiable information from a student's records, the district must verify the identity of the person, including a parent or the student, requesting the information.

Virtually all information pertaining to student performance, including grades, test results, and disciplinary records, is considered confidential educational records.

Inspection and release of student records is primarily restricted to an eligible student or a student's parents unless the school is given a copy of a court order terminating parental rights or the right to access a student's education records. A parent's rights regarding access to student records are not affected by the parent's marital status. Federal law requires that, as soon as a student reaches the age of 18, is emancipated by a court, or enrolls in a postsecondary institution, control of the records goes to the student. The parents may continue to have access to the records, however, if the student is a dependent for tax purposes and under limited circumstances when there is a threat to the health and safety of the student or other individuals.

FERPA permits the disclosure of personally identifiable information from a student's education records, without written consent of the parent or eligible student, in the following circumstances:

- When district school officials have what federal law refers to as a "legitimate educational interest" in a student's records. School officials would include board members and employees, such as the superintendent, administrators, and principals; teachers, school counselors, diagnosticians, and support staff (including district health or district medical staff); a person or company with whom the district has contracted or allowed to provide a particular institutional service or function (such as an attorney, consultant, third-party vendor that offers online programs or software, auditor, medical consultant, therapist, school resource officer, or volunteer); a parent or student serving on a school committee; or a parent or student assisting a school official in the performance of his or her duties. "Legitimate educational interest" in a student's records includes working with the student; considering disciplinary or academic actions, the student's case, or an individualized education program for a student with disabilities; compiling statistical data; reviewing an educational record to fulfill the official's professional responsibility to the school and the student; or investigating or evaluating programs.
- To authorized representatives of various governmental agencies, including juvenile service providers, the U.S. Comptroller General's office, the U.S. Attorney General's office, the U.S. Secretary of Education, TEA, the U.S. Secretary of Agriculture's office, and Child Protective Services (CPS) caseworkers or other child welfare representatives, in certain cases.
- To individuals or entities granted access in response to a subpoena or court order.
- To another school, school district/system, or institution of postsecondary education to which a student seeks or intends to enroll or in which he or she is already enrolled.
- In connection with financial aid for which a student has applied or which the student has received.
- To accrediting organizations to carry out accrediting functions.
- A person appointed to serve on a team to support the district's safe and supportive school program;
- To organizations conducting studies for, or on behalf of, the school, in order to develop, validate, or administer predictive tests; administer student aid programs; or improve instruction.
- To appropriate officials in connection with a health or safety emergency.
- When the district discloses information, it has designated as directory information [see Objecting to the Release of Directory Information for opportunities to prohibit this disclosure].

Release of personally identifiable information to any other person or agency—such as a prospective employer or for a scholarship application—will occur only with parental or student permission as appropriate.

The principal or superintendent is custodian of all records for currently enrolled students at the assigned school. The principal or superintendent is the custodian of all records for students who have withdrawn or graduated.

A parent or eligible student who wishes to inspect the student's records should submit a written request to the records custodian identifying the records he or she wishes to inspect. Records may be inspected by a parent or eligible student during regular school hours. The records custodian or designee will respond to reasonable requests for explanation and interpretation of the records.

A parent or eligible student who submits a written request and pays copying costs of ten cents per page may obtain copies. If circumstances prevent inspection during regular school hours and the student qualifies for free or reduced-price meals, the district will either provide a copy of the records requested or make other arrangements for the parent or student to review these records.

You may contact the custodian of records for currently enrolled students at:

Joey Light, Superintendent, 6251 Buffalo Gap Rd, Abilene, TX 79606, 325-692-4353, joey.light@wyliebulldogs.org

Rob Goodenough, Principal, 1682 Colony Hill Rd, Abilene, TX 79602, 325-437-2360, rob.goodenough@wyliebulldogs.org

Aaron Amonett, Principal, 4134 Beltway South, Abilene, TX 79606, 325-695-1910, aaron.amonett@wyliebulldogs.org

You may contact the custodian of records for students who have withdrawn or graduated at:

Joey Light, Superintendent, 6251 Buffalo Gap Rd, Abilene, TX 79606, 325-692-4353, jlight@wyliebulldogs.org

A parent (or eligible student) may inspect the student's records and request a correction or amendment if the records are considered inaccurate, misleading, or otherwise in violation of the student's privacy rights. A request to correct a student's record should be submitted to the appropriate records custodian. The request must clearly identify the part of the record that should be corrected and include an explanation of how the information in the record is inaccurate. If the district denies the request to amend the records, the parent or eligible student has the right to request a hearing. If the records are not amended as a result of the hearing, the parent or eligible student has 30 school days to exercise the right to place a statement commenting on the information in the student's record.

Although improperly recorded grades may be challenged, contesting a student's grade in a course or on an examination is handled through the general complaint process found in policy FNG (LOCAL). A grade issued by a classroom teacher can be changed only if, as determined by the board of trustees, the grade is arbitrary, erroneous, or inconsistent with the district's grading policy. [See FINALITY OF GRADES at FNG (LEGAL), Report Cards/Progress Reports and Conferences, and Complaints and Concerns for an overview of the process.]

The district's policy regarding student records found at policy FL is available from the principal's or superintendent's office or on the district's website at www.wyliebulldogs.org.

[See Report Cards/Progress Reports and Conferences, Complaints and Concerns, and Finality of Grades at policy FNG(LEGAL).]

The parent's or eligible student's right of access to and copies of student records do not extend to all records. Materials that are not considered educational records—such as a teacher's personal notes about a student that are shared only with a substitute teacher—do not have to be made available to the parents or student.

It is understood that Communities in Schools of the Big Country Student Success Coaches may obtain student information from Wylie ISD to determine if students referred to them by teachers, parents, counselors, or self are eligible for services that may help the student.

Wylie Junior High Student Handbook

Communities In Schools services may include, but are not limited to social service support, mentoring, tutoring, etc. All information obtained will be kept confidential to the extent permitted by law and used for the purpose indicated. Any student eligible for services must have a parent consent form signed prior to receiving services. Parent objection to the release of information must be made in writing to the campus principal.

Teacher and Staff Professional Qualifications

A parent may request information regarding the professional qualifications of his or her child's teachers, including whether the teacher:

- Has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction,
- Has an emergency permit or other provisional status for which state requirements have been waived, and
- Is currently teaching in the field of discipline of his or her certification. The parent also has the right to request information about the qualifications of any paraprofessional who may provide services to the child.

Students with Exceptionalities or Special Circumstances

Children of Military Families

The Interstate Compact on Educational Opportunities for Military Children entitles children of military families to flexibility regarding certain district and state requirements, including:

- Immunization requirements;
- Grade level, course, or educational program placement;
- Eligibility requirements for participation in extracurricular activities;
- Enrollment in the Texas Virtual School Network (TXVSN); and
- Graduation requirements.

The district will excuse absences related to a student visiting a parent, including a stepparent or legal guardian, who is:

- Called to active duty,
- On leave, or
- Returning from a deployment of at least four months.

The district will permit no more than five excused absences per year for this purpose. For the absence to be excused, the absence must occur no earlier than the 60th day before deployment or no later than the 30th day after the parent's return from deployment.

Additional information may be found at [Military Family Resources at the Texas Education Agency](https://tea.texas.gov/about-tea/other-services/military-family-resources) (<https://tea.texas.gov/about-tea/other-services/military-family-resources>).

Parental Role in Certain Classroom and School Assignments

Multiple Birth Siblings

State law permits a parent of multiple-birth siblings (e.g., twins, triplets) assigned to the same grade and campus to request in writing that the children be placed in either the same classroom or separate classrooms. Written requests must be submitted by the 14th day after the students' enrollment. [See policy FDB(LEGAL) for more information.]

Safety Transfers/Assignments

The board or its designee will honor a parent's request to transfer his or her child to another classroom or campus if the district has determined that the child has been a victim of bullying, including cyberbullying, as defined by Education Code 37.0832.

The board may transfer a student who has engaged in bullying to another classroom. If your district has more than one campus at a grade level, include the next sentence. The board will consult with the parent of a child who has engaged in bullying before deciding to transfer the child to another campus. Transportation is not provided for a transfer to another campus. See the principal for more information. [See Bullying, and policies FDB and FFI for more information.]

The district will honor a parent's request for the transfer of his or her child to a safe public school in the district if the child attends a school identified by the Texas Education Agency as persistently dangerous or if the child has been a victim of a violent criminal offense while at school or on school grounds. [See policy FDE for more information.]

The board will honor a parent's request for the transfer of his or her child to another district campus if the child has been the victim of sexual assault by another student assigned to the same campus, whether the assault occurred on or off campus, and that student has been convicted of or placed on deferred adjudication for the assault. In accordance with policy FDE, if the victim does not wish to transfer, the board will transfer the assailant.

Service/Assistance Animal Use by Students

A parent of a student who uses a service/assistance animal because of the student's disability must submit a written request to the principal before bringing the service/assistance animal on campus.

Students in the Conservatorship of the State (Foster Care)

In an effort to provide educational stability, the district will provide enrollment and registration assistance, as well as other educational services throughout the student's enrollment, to any student who is currently placed or newly placed in foster care (temporary or permanent custody of the state, sometimes referred to as substitute care).

A student in the conservatorship (custody) of the state who enrolls in the district after the beginning of the school year will be allowed credit-by-examination opportunities at any point during the year. The district will assess the student's available records to determine transfer of credit for subjects and courses taken before the student's enrollment in the district.

The district will award partial course credit when the student only passes one half of a two-half course.

A student in the conservatorship of the state who is moved outside the district's or school's attendance boundaries—or who is initially placed in the conservatorship of the state and moved outside the district's or school's boundaries—is entitled to remain at the school the student was attending prior to the placement or move until the student reaches the highest grade level at that particular school.

If a student in grade 11 or 12 transfers to another district but does not meet the graduation requirements of the receiving district, the student can request a diploma from the previous district if the student meets its graduation criteria.

For a student in the conservatorship of the state who is eligible for a tuition and fee exemption under state law and likely to be in care on the day preceding the student's 18th birthday, the district will:

- Assist the student with the completion of applications for admission or financial aid;
- Arrange and accompany the student on campus visits;
- Assist in researching and applying for private or institution-sponsored scholarships; • Identify whether the student is a candidate for appointment to a military academy;
- Assist the student in registering and preparing for college entrance examinations, including (subject to the availability of funds) arranging for the payment of examination fees by the Texas Department of Family and Protective Services (DFPS); and
- Coordinate contact between the student and a liaison officer for students formerly in the conservatorship of the state. [See Credit by Examination for Advancement/Acceleration, Course Credit, and A Student in Foster Care]

Please contact Kristal Noble, the district's foster care liaison, at 325-690-1181 with any questions.

[See Students in the Conservatorship of the State.]

Students Who Are Homeless

A parent is encouraged to inform the district if his or her child is experiencing homelessness. District staff can share resources that may be able to assist families.

A student who is homeless will be provided flexibility regarding certain district provisions, including:

- Proof of residency requirements;
- Immunization requirements;

Wylie Junior High Student Handbook

- Educational program placement (if the student is unable to provide previous academic records or misses an application deadline during a period of homelessness);
- Credit-by-examination opportunities at any point during the year (if the student enrolled in the district after the beginning of the school year), per State Board of Education (SBOE) rules;
- Assessment of the student's available records to determine transfer of credit for subjects and courses taken before the student's enrollment in the district;
- Awarding partial credit when a student passes only one-half of a two-half course;
- Eligibility requirements for participation in extracurricular activities; and
- Graduation requirements.

Federal law allows a student who is homeless to remain enrolled in the "school of origin" or to enroll in a new school in the attendance area where the student is currently residing.

If a student who is homeless in grade 11 or 12 transfers to another district but does not meet the graduation requirements of the receiving district, state law allows the student to request a diploma from the previous district if the student meets the criteria to graduate from the previous district.

A student or parent who is dissatisfied by the district's eligibility, school selection, or enrollment decision may appeal through policy FNG(LOCAL). The district will expedite local timelines, when possible, for prompt dispute resolution.

[See Credit by Examination for Advancement/Acceleration, Course Credit, and Students who are Homeless]

For more information on services for homeless students, contact the district's homeless education liaison, Kristal Noble, at 325-690-1181.

Students Who Have Learning Difficulties or Who Need Special Education Services or 504 Services

For those students who are having difficulty in the regular classroom, all school districts must consider tutorial, compensatory, and other academic or behavior support services that are available to all students, including a process based on Response to Intervention (RtI). The implementation of RtI has the potential to have a positive impact on the ability of districts to meet the needs of all struggling students. If a student is experiencing learning difficulties, his or her parent may contact the individuals listed below to learn about the school's overall general education referral or screening system for support services. This system links students to a variety of support options, including making a referral for a special education evaluation or for a Section 504 evaluation to determine whether the student needs specific aids, accommodations, or services. A parent may request an evaluation for special education or Section 504 services at any time.

Special Education Referrals

If a parent makes a written request for an initial evaluation for special education services to the director of special education services or to a district administrative employee of the school district, the district must respond no later than 15 school days after receiving the request. At that time, the district must give the parent prior written notice of whether it agrees or refuses to evaluate the student, along with a copy of the Notice of Procedural Safeguards. If the district agrees to evaluate the student, it must also give the parent the opportunity to give written consent for the evaluation.

Note: A request for a special education evaluation may be made verbally; it does not need to be made in writing. Districts must still comply with all federal prior-written notices and procedural safeguard requirements as well as the requirements for identifying, locating, and evaluating children who are suspected of having a disability and in need of special education. However, a verbal request does not require the district to respond within the 15 school-day timeline.

If the district decides to evaluate the student, it must complete the student's initial evaluation and evaluation report no later than 45 school days from the day it receives a parent's written consent. However, if the student is absent from school during the evaluation period for three or more school days, the evaluation period will be extended by the number of school days equal to the number of school days that the student is absent.

There is an exception to the 45-school-day timeline. If the district receives a parent's consent for the initial evaluation at least 35 but less than 45 school days before the last instructional day of the school year, it must complete the written report and provide a copy of the report to the parent by June 30 of that year. However, if the student is absent from school for three or more days during the evaluation period, the June 30 due date no longer applies. Instead, the general timeline of 45 school days plus extensions for absences of three or more days will apply.

Upon completing the evaluation, the district must give the parent a copy of the evaluation report at no cost.

Additional information regarding special education is available from the school district in a companion document titled Parent's Guide to the Admission, Review, and Dismissal Process.

Contact Person for Special Education Referrals

The designated person to contact regarding options for a student experiencing learning difficulties or regarding a referral for evaluation for special education services is the campus counselor.

For questions regarding post-secondary transitions, including the transition from education to employment, for students receiving special education services, contact the district's transition and employment designee:

Shauni Vaughn, Special Education Director, 6251 Buffalo Gap Rd, Abilene, TX 79606, 325-695-4353, shauni.vaughn@wyliebulldogs.org

Section 504 Referrals

Each school district must have standards and procedures in place for the evaluation and placement of students in the district's Section 504 program. Districts must also implement a system of procedural safeguards that includes:

- Notice,
- An opportunity for a parent or guardian to examine relevant records,
- An impartial hearing with an opportunity for participation by the parent or guardian and representation by counsel, and
- A review procedure.

Contact Person for Section 504 Referrals

The designated person to contact regarding options for a student experiencing learning difficulties or regarding a referral for evaluation for special education services is the campus counselor.

Notification to Parents of Intervention Strategies for Learning Difficulties Provided to Students in General Education

In accordance with state law, the district will annually notify parents if their child receives assistance for learning difficulties. Details of such assistance can include intervention strategies. This notice is not intended for those students already enrolled in a special education program.

Students Who Receive Special Education Services with Other School-Aged Children in the Home

If a student is receiving special education services at a campus outside his or her attendance zone, state law permits the parent or guardian to request that other students residing in the household be transferred to the same campus— if the grade level for the transferring student is offered on that campus.

The student receiving special education services would be entitled to transportation; however, the district is not required to provide transportation to other children in the household.

Wylie Junior High Student Handbook

The parent or guardian should contact the school principal regarding transportation needs prior to requesting a transfer for other children in the home. [See policy FDB(LOCAL) for more information.]

Students Who Speak a Primary Language Other than English

A student may be eligible to receive specialized support if his or her primary language is not English, and the student has difficulty performing ordinary class work in English.

If the student qualifies for these services, the Language Proficiency Assessment Committee (LPAC) will determine the types of services the student needs, including accommodations or modifications related to classroom instruction, local assessments, and state-mandated assessments.

[See English Learners and Special Programs.]

Students with Physical or Mental Impairments Protected Under Section 504

A student with a physical or mental impairment that substantially limits a major life activity, as defined by law—and who does not otherwise qualify for special education services—may qualify for protections under Section 504 of the Rehabilitation Act. Section 504 is a federal law designed to prohibit discrimination against individuals with disabilities.

When an evaluation is requested, a committee will be formed to determine whether the student needs services and supports under Section 504 in order to receive a free appropriate public education (FAPE), as defined in federal law.

[See A Student Who Has Learning Difficulties or Who Needs Special Education or Section 504 Services and policy FB for more information.]

Section II: Other Important Information for Students and Parents

This section contains important information on academics, school activities, and school operations and requirements. It is organized alphabetically to serve as a quick-reference guide. Where applicable, the topics are further organized by grade level. Parents and children should take a moment together to become familiar with the issues addressed in this section. For guidance on a particular topic, please contact the campus principal.

Absences/Attendance

Regular school attendance is essential. Absences from class may result in serious disruption of a student's education. The student and parent should avoid unnecessary absences. Two important state laws—one dealing with compulsory attendance and the other with how attendance affects the award of a student's final grade or course credit—are discussed below.

Compulsory Attendance Between Ages 6 and 18

State law requires that a student who is at least six years of age, or who is younger than six years of age and has previously been enrolled in first grade, and who has not yet reached their 19th birthday, shall attend school, as well as any applicable accelerated instruction program, extended-year program, or tutorial session, unless the student is otherwise excused from attendance or legally exempt.

A student will be required to attend any assigned accelerated instruction program before or after school or during the summer if the student does not meet the passing standards on an applicable subject area state assessment.

Compulsory Attendance-Exemptions (All Grade Levels)

State law allows exemptions to the compulsory attendance requirements for the following activities and events, as long as the student makes up all work:

- Religious holy days;
- Required court appearances;
- Appearing at a governmental office to obtain U.S. citizenship;
- Taking part in a US naturalization oath ceremony
- Serving as an election clerk

Health-care appointments for the student or a child of the student, including absences related to autism services,

- Absences resulting from a serious or life-threatening illness or related treatment that makes a student's attendance infeasible, with certification by a physician

For students in the conservatorship of the state,

- An activity required under a court-ordered service plan; or
- Any other court-ordered activity, provided it is not practicable to schedule the student's participation in the activity outside of school hours.

For children of military families, absences of up to five days will be excused for a student to visit a parent, stepparent, or legal guardian going to, on leave from, or returning from certain deployments. [See Children of Military Families for more information.]

Secondary Grade Levels

The district will allow a student who is 15 years of age or older to be absent for one day to obtain a learner license and one day to obtain a driver's license, provided that the board has authorized such excused absences under policy FEA(LOCAL). The student will be required to provide documentation of his or her visit to the driver's license office for each absence and must make up any work missed. [See Driver License Attendance Verification.]

An absence of a student in grades 6–12 for the purpose of sounding "Taps" at a military honors funeral for a deceased veteran will also be excused by the district.

Compulsory Attendance- Failure to Comply (All Grade Levels)

School employees must investigate and report violations of the compulsory attendance law.

A student who is absent without permission from school, any class, any required special program, or any required tutorial will be considered in violation of the compulsory attendance law and subject to disciplinary action.

Students with Disabilities

If a student with a disability is experiencing attendance issues, the student's ARD or Section 504 committee will determine whether the attendance issues warrant an evaluation, a reevaluation, and/or modifications to the student's individualized education program or Section 504 plan, as appropriate.

Between Ages 6 and 18

When a student, ages 6–18, incurs three or more unexcused absences within a four-week period, the law requires the school to send notice to the parent. The notice will:

- Remind the parent of his or her duty to monitor the student's attendance and require the student to attend school;
- Request a conference between school administrators and the parent; and
- Inform the parent that the district will initiate truancy prevention measures, including a behavior improvement plan, school-based community service, referrals to counseling or other social services, or other appropriate measures.

The truancy prevention facilitator for the district is:

Wylie East Junior High

Rob Goodenough, Principal, 1682 Colony Hill Rd, Abilene, TX 79602, 325-437-2360, rob.goodenough@wyliebulldogs.org

Mike Eames, Assistant Principal, 1682 Colony Hill Rd, Abilene, TX 79602, 325-437-2360, michael.eames@wyliebulldogs.org

Wylie West Junior High

Aaron Amonett, Principal, 4134 Beltway South, Abilene, TX 79606, 325-695-1910, aaron.amonett@wyliebulldogs.org

Jodie LaFrance, Assistant Principal, 4134 Beltway South, Abilene, TX 79606, 325-695-1910, jodie.lafrance@wyliebulldogs.org

Wylie Junior High Student Handbook

For any questions about student absences, parents should contact the facilitator or any other campus administrator.

A court of law may impose penalties against the parent if a school-aged student is deliberately not attending school. The district may file a complaint against the parent if the student incurs ten or more unexcused absences within a six-month period in the same school year.

If a student age 12–18 incurs ten or more unexcused absences within a six-month period in the same school year, the district, in most circumstances, will refer the student to truancy court. [See policies FEA(LEGAL) and FED(LEGAL) for more information.]

Attendance for Credit or Final Grade (All Grade Levels)

To receive credit or a final grade in a class, a student must attend the class at least 90 percent of the days it is offered. A student who attends at least 75 percent but fewer than 90 percent of the days may receive credit or a final grade if he or she completes a plan, approved by the principal, that allows the student to fulfill the class's instructional requirements. If a student is involved in a criminal or juvenile court proceeding, the judge presiding over the case must also approve the plan before the student receives credit or a final grade.

If a student attends fewer than 75 percent of the class days or does not complete the principal-approved plan, then the attendance review committee will determine whether there are extenuating circumstances for the absences and how the student can regain credit or a final grade. [See policy FEC for more information.]

With the exception of absences due to serious or life-threatening illness or related treatment, all absences, excused or unexcused, may be held against a student's attendance requirement. To determine whether there were extenuating circumstances for any absences, the attendance committee will use the following guidelines:

- If makeup work is completed, absences listed under Exemptions to Compulsory Attendance will be considered extenuating circumstances.
- A transfer or migrant student incurs absences only after he or she has enrolled in the district.
- The committee will consider the acceptability and authenticity of documented reasons for the student's absences
- The committee will consider whether the student or student's parent had any control over the absences.
- The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
- The student or parent will be given an opportunity to present any information to the committee about the absences and discuss ways to earn or regain credit or a final grade. The student or parent may appeal the committee's decision to the board by following policy FNG(LOCAL).

Official Attendance-Taking Time (All Grade Levels)

The district will take official attendance every day at 9:09 a.m., which is during the second instructional hour as required by state rule.

A student absent for any portion of the day, should follow the procedures below to provide documentation of the absence.

Documentation after an Absence (All Grade Levels)

A parent must provide an explanation for any absence upon the student's arrival or return to school. The student must submit a note signed by the parent. The campus may accept a phone call from the parent but reserves the right to require a written note. A note signed by the student will not be accepted unless the student is age 18 or older or is an emancipated minor under state law.

The campus will document in its attendance records whether the absence is excused or unexcused.

Note: The district is not required to excuse any absence, even if the parent provides a note explaining the absence, unless the absence is an exemption under compulsory attendance laws.

Doctor's Note after an Absence for Illness (All Grade Levels)

Within 3 days of returning to school, a student absent for more than 3 consecutive days because of a personal illness must bring a statement from a doctor or health clinic verifying the illness or condition that caused the absence. Otherwise, the absence may be considered unexcused and in violation of compulsory attendance laws.

Should the student develop a questionable pattern of absences, the principal or attendance committee may require a statement from a doctor or health clinic verifying the illness or condition that caused the absence to determine whether an absence will be excused or unexcused.

Certification of Absence Due to Severe Illness or Treatment

If a student is absent because of a serious or life-threatening illness or related treatment that makes a student's attendance infeasible, a parent must provide certification from a physician licensed to practice in Texas specifying the student's illness and the anticipated period of absence related to the illness or treatment.

Extracurricular Activity Absences

The district shall make no distinction between absences for UIL activities and absences for other extracurricular activities approved by the Board.

A student shall be allowed no more than 14 extracurricular absences prior to post-district competition or performances; however, a student shall be allowed unlimited absences for participation in post-district, state, or national competition.

Accountability under State and Federal Law (All Grade Levels)

Wylie ISD and each of its campuses are held to certain standards of accountability under state and federal law. A key component of accountability is the dissemination and publication of certain reports and information, including:

- The Texas Academic Performance Report (TAPR) for the district, compiled by the Texas Education Agency (TEA), based on academic factors and ratings;
- A School Report Card (SRC) for each campus in the district, compiled by TEA;
- The district's financial management report, which includes the financial accountability rating assigned to the district by TEA; and

Bullying (All Grade Levels)

The district strives to prevent bullying, in accordance with the district's policies, by promoting a positive school culture; building healthy relationships between students and staff; encouraging reporting of bullying incidents, including anonymous reporting; and investigating and addressing reported bullying incidents.

Bullying is defined in state law as a single significant act or a pattern of acts by one or more students directed at another student that exploits an imbalance of power and involves engaging in written or verbal expression, expression through electronic means, or physical conduct that:

- Has the effect or will have the effect of physically harming a student, damaging a student's property, or placing a student in reasonable fear of harm to the student's person or of damage to the student's property;
- Is sufficiently severe, persistent, or pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student;
- Materially and substantially disrupts the educational process or the orderly operation of a classroom or school; or
- Infringes on the rights of the victim at school.

Bullying includes cyberbullying. Cyberbullying is defined in state law as bullying that is done using of any electronic communication device, including:

- A cellular or other type of telephone
- A computer

Wylie Junior High Student Handbook

- A camera
- Electronic mail
- Instant messaging
- Text messaging
- A social media application
- An internet website
- Any other internet-based communication tool.

Bullying is prohibited by the district and could include:

- Hazing
- Threats
- Taunting
- Teasing
- Confinement
- Assault
- Demands for money
- Destruction of property
- Theft of valued possessions
- Name-calling
- Rumor-spreading
- Ostracism.

The district will integrate into instruction research-based content designed to reduce bullying that is appropriate for students' age groups.

Students in secondary grades will participate in:

- Instruction on the brain's ability to change and grow so the student recognizes bullying behavior can come from a developmental need to acquire more social skills, can change when the brain matures and learns better ways of coping, and is not an unchangeable trait
- Discussions that portray bullying as undesirable behavior and a means for attaining or maintaining social status at school, and that discourage students from using bullying as a tool for social status
- Instruction designed so that students recognize the role that reporting bullying behaviors plays in promoting a safe school community

The district will use an age-appropriate survey regarding school culture that includes relevant questions on bullying to identify and address student concerns.

Each campus has a committee that addresses bullying by focusing on prevention efforts and health and wellness initiatives. The committee will include parents and secondary students. For more information on this committee, including interest in serving on the committee, contact

If a student believes that he or she has experienced bullying or witnesses the bullying of another student, the student or parent should notify a teacher, school counselor, principal, or another district employee as soon as possible. Any district employee aware of a report of a bullying incident will relay the report to an appropriate administrator. Procedures for reporting allegations of bullying may be found on the district's website.

A student may anonymously report an alleged incident of bullying by reporting the incident online at <https://www.wyliebulldogs.org/Domain/264>.

The administration will investigate any allegations of bullying and related misconduct. The district will also provide notice to the parent of the alleged victim and the parent of the student alleged to have engaged in bullying.

If an investigation determines that bullying occurred, the administration will take appropriate disciplinary action and may, in certain circumstances, notify law enforcement. Disciplinary or other action may be taken even if the conduct did not rise to the level of bullying. Available counseling options will be provided to the affected individuals, including any student who witnessed the bullying.

The district will provide research-based interventions, which may include counseling options, for students who engage in bullying behaviors, students who are targeted by bullying behaviors, and any student who witnessed the bullying behaviors.

Any action taken in response to bullying will comply with state and federal law regarding students with disabilities.

Any retaliation against a student who reports an incident of bullying is prohibited.

Upon recommendation of the administration, the board may transfer a student found to have engaged in bullying to another classroom at the campus.

In consultation with the student's parent, the student may also be transferred to another campus in the district.

The parent of a student who has been determined to be a victim of bullying may request that the student be transferred to another classroom or campus within the district. [See Safety Transfers/Assignments]

A copy of the district's bullying policy is available in the principal's office, superintendent's office, and on the district's website, and is included at the end of this handbook as an appendix.

A student or parent who is dissatisfied with the outcome of an investigation may appeal through policy FNG(LOCAL).

[See Safety Transfers/Assignments, Dating Violence, Discrimination, Harassment, and Retaliation, Hazing, policy FFI, the district's Student Code of Conduct, and the district improvement plan, a copy of which can be viewed in the campus office.]

Career and Technical Education (CTE) and other Work-Based Programs (Secondary Grade Levels Only)

The district offers career and technical education programs in 6th-8th grade that include Digital Citizenship, BUILD, CGRI. Admission to these programs is based on requirements issued by the Texas Education Agency for the 6th-8th grades.

District policy prohibits discrimination on the basis of race, color, national origin, sex, handicap, or age in its vocational programs, services, and activities, and provides equal access to the Boy Scouts and other designated youth groups as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973 as amended.

District policy also prohibits discrimination on the basis of race, color, national origin, sex, handicap or age in its employment practices as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; the Age Discrimination Act of 1975, as amended; and Section 504 of the Rehabilitation Act of 1973, as amended.

The district will take steps to assure that lack of English language skills will not be a barrier to admission or participation in all educational and vocational programs.

For information about your rights or grievance procedures, contact the Title IX coordinator and the ADA/Section 504 coordinator.

[See Nondiscrimination Statement for the name and contact information for the Title IX coordinator and ADA/Section 504 coordinator, who will address certain allegations of discrimination.]

Celebrations (All Grade Levels)

Although a parent or grandparent may provide food to share for a school designated function or for a student's birthday, please be aware that children in the school may have severe allergies to certain food products. Discuss any classroom allergies with the teacher before bringing food to share. Occasionally, the school or a class may host functions or celebrations tied to the curriculum that involve food. The school or teacher will notify students and parents of any known food allergies when soliciting potential volunteers to provide food. [See Food Allergies]

Child Sexual Abuse, Sex Trafficking, and Other Maltreatment of Children (All Grade Levels)

The district has established a plan for addressing child sexual abuse, sex trafficking, and other maltreatment of children, which may be accessed at www.wyliebulldogs.org

Warning Signs of Sexual Abuse (All Grade Levels)

Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to a child's mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. A person who compels or encourages a child to engage in sexual conduct commits abuse. It is illegal to make or possess child pornography or to display such material to a child. Anyone who suspects that a child has been or

may be abused or neglected has a legal responsibility, under state law, to report the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS). A child who has been or is being sexually abused may exhibit physical, behavioral, or emotional warning signs, including:

- Difficulty sitting or walking, pain in the genital areas, and claims of stomachaches and headaches;
- Verbal references or pretend games of sexual activity between adults and children, fear of being alone with adults of a particular gender, or sexually suggestive behavior; or
- Withdrawal, depression, sleeping and eating disorders, and problems in school. Be aware that children and adolescents who have experienced dating violence may show similar physical, behavioral, and emotional warning signs. [See Dating Violence, Discrimination, Harassment, and Retaliation.]

Warning Signs of Sex Trafficking (All Grade Levels)

Child trafficking of any sort is prohibited by the Penal Code. Sex trafficking involves forcing a person, including a child, into sexual abuse, assault, indecency, prostitution, or pornography. Labor trafficking involves forcing a person, including a child, to engage in forced labor or services. Traffickers are often trusted members of a child's community, such as friends, romantic partners, family members, mentors, and coaches, although traffickers frequently contact victims online. Possible warning signs of sexual trafficking in children include:

- Changes in school attendance, habits, friend groups, vocabulary, demeanor, and attitude;
- Sudden appearance of expensive items (for example, manicures, designer clothes, purses, technology);
- Tattoos or branding;
- Refillable gift cards;
- Frequent runaway episodes;
- Multiple phones or social media accounts;
- Provocative pictures posted online or stored on the phone;
- Unexplained injuries;
- Isolation from family, friends, and community; and
- Older boyfriends or girlfriends. Additional warning signs of labor trafficking in children include:
 - Being unpaid, paid very little, or paid only through tips;
 - Being employed but not having a school-authorized work permit;
 - Being employed and having a work permit but clearly working outside the permitted hours for students;
 - Owning a large debt and being unable to pay it off;
 - Not being allowed breaks at work or being subjected to excessively long work hours;
 - Being overly concerned with pleasing an employer and/or deferring personal or educational decisions to a boss;
 - Not being in control of his or her own money;
 - Living with an employer or having an employer listed as a student's caregiver; and
 - A desire to quit a job but not being allowed to do so

Reporting and Responding to Sexual Abuse, Sex Trafficking, and Other Maltreatment of Children (All Grade Levels)

Anyone who suspects that a child has been or may be abused, trafficked, or neglected has a legal responsibility, under state law, to report the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS).

A child who has experienced sexual abuse or any other type of abuse or neglect should be encouraged to seek out a trusted adult. Children may be more reluctant to disclose sexual abuse than physical abuse and neglect and may only disclose sexual abuse indirectly. As a parent or trusted adult, it is important to be calm and comforting if your child or another child confides in you. Reassure the child that he or she did the right thing by telling you.

If your child is a victim of sexual abuse, trafficking, or other maltreatment, the school counselor or principal will provide information on counseling options for you and your child available in your area. The Texas Department of Family and Protective Services (DFPS) also manages early intervention counseling programs.

To find out what services may be available in your county, see [Texas Department of Family and Protective Services, Programs Available in Your County \(http://www.dfps.state.tx.us/Prevention and Early Intervention/Programs Available In Your County/default.asp\)](http://www.dfps.state.tx.us/Prevention%20and%20Early%20Intervention/Programs%20Available%20In%20Your%20County/default.asp).

Reports of abuse, trafficking, or neglect may be made to the CPS division of the DFPS at 1-800-252-5400 or on the web at [Texas Abuse Hotline Website \(www.txabusehotline.org\)](http://www.txabusehotline.org).

Communications (All Grade Levels)

Parent Contact Information

A parent is legally required to provide in writing the parent's contact information, including address, phone number, and email address.

A parent must provide the contact information to the district upon enrollment and again within two weeks after the beginning of each following school year while the student is enrolled in the district.

If the parent's contact information changes during the school year, the parent must update the information in writing no more than two weeks after the date the information changes. A parent may update contact information by calling or emailing Darla Young, the director of enrollment, at darla.young@wyliebulldogs.org or 325-692-4353.

Automated Emergency Communications

The district will rely on contact information on file with the district to communicate with parents in an emergency situation, which may include real time or automated messages. An emergency situation may include early dismissal, delayed opening, or restricted access to the campus due to severe weather, another emergency, or a security threat. It is crucial to notify your child's school when a phone number changes. [See Safety for information regarding contact with parents during an emergency situation.]

Automated Nonemergency Communications

Your child's school periodically sends information by automated or pre-recorded messages, text messages, or real-time phone or email communications that are closely related to the school's mission and specific to your child, your child's school, or district. Standard messaging rates of

Wylie Junior High Student Handbook

your wireless phone carrier may apply. If you do not wish to receive such communications, please contact your child's principal. [See Safety for information regarding contact with parents during an emergency.]

Complaints and Concerns (All Grade Levels)

Usually, student or parent complaints or concerns can be addressed informally by a phone call or a conference with the teacher or principal. For those complaints and concerns that cannot be resolved informally, the board has adopted a Student and Parent Complaints/Grievances policy FNG(LOCAL). This policy can be viewed in the district's policy manual, available online at www.wyliebulldogs.org. The complaint forms can be accessed online at www.wyliebulldogs.org or at the principal's or superintendent's office.

- To file a formal complaint a parent or student should complete and submit the complaint form. In general, the written complaint form should be completed and submitted to the campus principal in a timely manner.
- If the concern is not resolved, a parent or student may request a conference with the superintendent.
- If the concern is still unresolved, the district provides a process for parents and students to appeal to the board of trustees.

Conduct (All Grade Levels)

Applicability of School Rules

The board has adopted a Student Code of Conduct that defines standards of acceptable behavior on and off campus, during remote and in-person instruction, and on district vehicles—and outlines consequences for violation of these standards. The district has disciplinary authority over a student in accordance with the Student Code of Conduct. Students and parents should be familiar with the standards set out in the Student Code of Conduct, as well as campus and classroom rules. During summer instruction, the Student Handbook and Student Code of Conduct in place for the school year immediately preceding the summer period shall apply, unless the district amends either or both documents for the purposes of summer instruction.

Campus Behavior Coordinator

Each campus has a campus behavior coordinator to apply discipline management techniques and administer consequences for certain student misconduct, as well as provide a point of contact for student misconduct. The contact information for each campus behavior coordinator is available on the district's website at www.wyliebulldogs.org.

Counseling

The district has a comprehensive school counseling program that includes:

- A guidance curriculum to help students develop their full educational potential, including the student's interests and career objectives;
- A responsive services component to intervene on behalf of any student whose immediate personal concerns or problems put the student's continued educational, career, personal, or social development at risk;
- An individual planning system to guide a student as the student plans, monitors, and manages the student's own educational, career, personal, and social development; and
- Systems to support the efforts of teachers, staff, parents, and other members of the community in promoting the educational, career, personal, and social development of students.

The district will make a preview of the program, including all materials and curriculum, available to parents to review during school hours.

Academic Counseling Elementary and Middle/Junior High School Grade Levels

The school counselor will provide information to students and parents about college and university admissions and the importance of planning for postsecondary education, including appropriate coursework and financial aid availability and requirements.

In either grade 7 or 8, each student will receive instruction on how best to prepare for high school, college, and a career.

Personal Counseling (All Grade Levels)

The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, emotional or mental health issues, or substance abuse. A student who wishes to meet with the school counselor should schedule an appointment with the counselor. As a parent, if you are concerned about your child's mental or emotional health, please speak with the school counselor for a list of resources that may be of assistance.

If your child has experienced trauma, contact the school counselor for more information. [See Mental Health Support, and Child Sexual Abuse, Trafficking, and Other Maltreatment of Children and Dating Violence.]

Course Credit (Secondary Grade Levels Only)

A student at any grade level enrolled in a high school course will earn credit for the course only if the final grade is 70 or above. For a two-part (two-semester, 1-credit course), the student's grades from both halves (semesters) will be averaged and credit will be awarded if the combined average is 70 or above. If the student's combined average is less than 70, the student will be awarded credit only for the half (semester) with the passing grade.

Credit by Examination—If a Student Has Taken the Course/Subject (Grades 6–12)

A student who has previously taken a course or subject but did not receive credit or a final grade for it may, in circumstances determined by the principal or attendance committee, be permitted to earn credit or a final grade by passing an examination approved by the district's board of trustees on the essential knowledge and skills defined for that course or subject.

Examples of prior instruction include incomplete coursework due to a failed course or excessive absences, homeschooling, or coursework by a student transferring from a nonaccredited school. The opportunity to earn credit by examination after the student has had prior instruction is sometimes referred to as "credit recovery."

The attendance review committee may also offer a student with excessive absences an opportunity to earn credit for a course by passing an examination. If a student is granted approval to take an examination for credit, the student must score at least 70 on the examination to receive credit for the course or subject.

[See the school counselor and policy EHDB(LOCAL) for more information.]

Credit by Examination for Advancement/Acceleration—If a Student Has Not Taken the Course/Subject

A student will be permitted to earn credit by examination for an academic course or subject area for which the student had no prior instruction for advancement or to accelerate to the next grade level.

The examinations offered by the district are approved by the district's board of trustees. Testing windows for these examinations will be published in district publications and on the district's website. A student may take a specific examination only once per testing window.

The only exceptions to the published testing windows will be for examinations administered by another entity or to accommodate a student experiencing homelessness or a student involved in the foster care system.

When another entity administers an examination, the student and the district must comply with the testing schedule of the other entity.

Students in Grades 1–5

A student in elementary school is eligible to accelerate to the next grade level if:

- The student scores at least an 80 on each examination in the subject areas of language arts, mathematics, science, and social studies;
- A district administrator recommends that the student be accelerated; and
- The student's parent gives written approval of the grade advancement.

Students in Grades 6–12

A student in grade 6 or above is eligible to earn course credit with:

- A passing score of at least 80 on an examination approved by the board; or

Wylie Junior High Student Handbook

- A scaled score of 50 or higher on an examination administered through the College Level Examination Program (CLEP), or
- A score of 3 or higher on an AP examination, as applicable.

A student may take an examination to earn high school course credit no more than twice. If a student fails to achieve the designated score on the applicable exam before the beginning of the school year in which the student would need to enroll in the course according to the school's high school course sequence, the student must complete the course.

Deliveries

Except in emergencies, delivery of messages or packages to students will not be allowed during instructional time. A parent may leave a message or a package, such as a forgotten lunch, for the student to pick up from the front office during a passing period or lunch.

Disruptions of School Operations

Disruption of school operations is not tolerated and may constitute a misdemeanor offense. As identified by state law, disruptions include the following:

- Interference with the movement of people at an exit, entrance, or hallway of a district building without authorization from an administrator.
- Interference with an authorized activity by seizing control of all or part of a building.
- Use of force, violence, or threats in an attempt to prevent participation in an authorized assembly.
- Use of force, violence, or threats to cause disruption during an assembly.
- Interference with the movement of people at an exit or an entrance to district property.
- Use of force, violence, or threats in an attempt to prevent people from entering or leaving district property without authorization from an administrator.

Disruption of classes or other school activities while on or within 500 feet of district property includes:

- Making loud noises;
- Trying to entice a student away from, or to prevent a student from attending, a required class or activity; and
- Entering a classroom without authorization and disrupting the activity with loud or profane language or any misconduct. Interference with the transportation of students in vehicles owned or operated by the district is also considered a disruption.

Social Events

School rules apply to all school social events. Guests attending these events are expected to observe the same rules as students, and a student inviting a guest will share responsibility for the conduct of his or her guest. A student attending a social event will be asked to sign out when leaving before the end of the event and will not be readmitted. A parent interested in serving as a chaperone for any school social events should contact the campus principal.

Dating Violence, Discrimination, Harassment, and Retaliation (All Grade Levels)

Students learn best, and their welfare is best served, in a school environment that is free from dating violence, discrimination, harassment, and retaliation.

Students are expected to treat peers and district employees with courtesy and respect, avoid offensive behaviors, and stop those behaviors as directed. District employees are likewise expected to treat students with courtesy and respect.

The board has established policies and procedures to prohibit and promptly address inappropriate and offensive behaviors that are based on a person's race, color, religion, sex, gender, national origin, disability, age, or any other basis prohibited by law. A copy of the district's policy is available in the principal's office and in the superintendent's office www.wyliebulldogs.org [See policy FFH for more information.]

Dating Violence

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship or any of the person's past or subsequent partners. This type of conduct is considered harassment if it is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

Examples of dating violence against a student may include, but are not limited to:

- Physical or sexual assaults;
- Name-calling;
- Put-downs;
- Threats to hurt the student, the student's family members, or members of the student's household;
- Destroying property belonging to the student;
- Threats to commit suicide or homicide if the student ends the relationship;
- Threats to harm a student's past or current dating partner;
- Attempts to isolate the student from friends and family;
- Stalking; or
- Encouraging others to engage in these behaviors.

In accordance with law, when the district receives a report of dating violence, a district official will immediately notify the parent of the alleged victim and alleged perpetrator.

The counselor's office has information about the dangers of dating violence and resources for seeking help.

Discrimination

Discrimination is defined as any conduct directed at a student on the basis of race, color, religion, sex, gender, national origin, disability, age, or any other basis prohibited by law that negatively affects the student.

Harassment

Harassment, in general terms, is conduct so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

Examples of harassment may include, but are not limited to:

- Offensive or derogatory language directed at a person's religious beliefs or practices, accent, skin color, or need for accommodation;
- Threatening, intimidating, or humiliating conduct;
- Offensive jokes, name-calling, slurs, or rumors;
- Physical aggression or assault;
- Graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or
- Other kinds of aggressive conduct such as theft or damage to property.

Sexual Harassment and Gender-Based Harassment

Sexual harassment and gender-based harassment of a student by an employee, volunteer, or another student are prohibited. Examples of sexual harassment may include, but are not limited to:

- Touching private body parts or coercing physical contact that is sexual in nature;
- Sexual advances;

- Jokes or conversations of a sexual nature; and
- Other sexually motivated conduct, communications, or contact.

Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact that a reasonable person would not construe as sexual in nature, such as comforting a child with a hug or taking the child's hand. However, romantic, sexual, and other inappropriate social relationships between students and district employees are prohibited, even if consensual.

Gender-based harassment includes physical, verbal, or nonverbal conduct based on a student's gender, the student's expression of characteristics perceived as stereotypical for the student's gender, or the student's failure to conform to stereotypical notions of masculinity or femininity. Gender-based harassment can occur regardless of the student's or the harasser's actual or perceived sexual orientation or gender identity. Examples of gender-based harassment directed against a student may include, but are not limited to:

- Offensive jokes, name-calling, slurs, or rumors;
- Physical aggression or assault;
- Threatening or intimidating conduct; or
- Other kinds of aggressive conduct such as theft or damage to property.

Retaliation

Retaliation against a person who makes a good-faith report or participates in an investigation of discrimination, harassment, or dating violence is prohibited. A person who makes a false claim, offers false statements, or refuses to cooperate with a district investigation, however, may be subject to appropriate discipline. Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

Reporting Procedures

Any student who believes that he or she has experienced dating violence, discrimination, harassment, or retaliation should immediately report the problem to a teacher, school counselor, principal, or other district employee. The report may be made by the student's parent. [See policy FFH(LOCAL) and (EXHIBIT) for other appropriate district officials to whom to make a report.] Upon receiving a report, the district will determine whether the allegations, if proven, constitute prohibited conduct as defined by policy FFH. If not, the district will refer to policy FFI to determine whether the allegations, if proven, constitute bullying, as defined by law and policy FFI. If the alleged prohibited conduct also meets the statutory and policy definitions for bullying, an investigation of bullying will also be conducted. [See Bullying] The district will promptly notify the parent of any student alleged to have experienced prohibited conduct involving an adult associated with the district. In the event alleged prohibited conduct involves another student, the district will notify the parent of the student alleged to have experienced the prohibited conduct when the allegations, if proven, would constitute a violation as defined by policy FFH.

Investigation of Report

Allegations of prohibited conduct, which includes dating violence, discrimination, harassment, and retaliation, will be promptly investigated. To the extent possible, the district will respect the privacy of the student. However, limited disclosures may be necessary to conduct a thorough investigation and comply with law.

If a law enforcement or other regulatory agency notifies the district that it is investigating the matter and requests that the district delay its investigation, the district will resume its investigation at the conclusion of the agency's investigation.

During an investigation and when appropriate, the district will take interim action to address the alleged prohibited conduct.

If the district's investigation indicates that prohibited conduct occurred, appropriate disciplinary action and, in some cases, corrective action will be taken to address the conduct. The district may take disciplinary and corrective action even if the conduct was not unlawful.

All involved parties will be notified of the outcome of the district investigation within the parameters and limits allowed under the Family Educational Rights and Privacy Act (FERPA).

A student or parent who is dissatisfied with the outcome of the investigation may appeal in accordance with policy FNG(LOCAL).

Discipline (General Guidelines)

Alternative Education Programs

The district shall provide for the continuing education of a student placed in an alternative education program, which may include:

1. In-School Suspension (ISS). This alternative education program provides that the improper student be placed in an isolated classroom under the direct supervision of qualified staff member each school day for the term determined appropriate by the school administration.
2. Placed in (DAEP) disciplinary alternative education program.
3. Transfer to a school-community guidance center.
4. Transfer to community based alternative school.
5. Home-based instruction. Except when home-based instruction is provided during an expulsion or pending an expulsion hearing, combined days of suspension and assignment to home-based instruction shall not exceed six school days in a semester.

Each handicapped Student's IEP shall indicate which of these programs can appropriately be used. If none of these options are appropriate, the IEP shall specify what disciplinary measures can be used for offenses that would normally warrant an assignment to an alternative education program.

Students may be suspended or removed to an alternative education program if the principal determines either:

1. That the student's presence in the regular classroom or home campus presents a danger of physical harm to the student or others, or
2. That the student has engaged in serious or persistent misbehavior that violates the previously communicated code of student conduct.

A student who, after having been placed in an alternative education program continues to engage in serious or persistent misbehavior that violates the districts previously communicated written standards of student's conduct may be removed from class and expelled.

Applicability of School Rules

To achieve the best possible learning environment for all our students, the Student Code of Conduct and other campus rules of behavior will apply whenever the interest of the district is involved, on or off school grounds, in conjunction with or independent of classes and school-sponsored activities. The district has disciplinary authority over a student:

- During the regular school day and while a student is going to and from school on District transportation.
- During lunch periods in which a student is not allowed to leave campus.
- Within 300 feet of school property.
- While a student is in attendance at any school-related activity, regardless of time or location.
- For any school-related misconduct, regardless of time or location. This includes school events to which a student brings home a guest. Guests are expected to observe the same rules as students attending the event, and the person inviting the guest will share responsibility for the conduct of the guest.
- A student attending a social event will be asked to sign out when leaving before the end of the event; anyone leaving before the official end of the event will not be readmitted.
- When retaliation against a school employee or volunteer occurs or is threatened, regardless of time or location.
- When a student commits a felony, as described by Texas Education Code 37.006.
- When criminal mischief is committed on or off school property or at a school-related event.

As required by law, the district has developed and adopted a Student Code of Conduct that prohibits certain behaviors and establishes standards of acceptable behavior—both on and off campus—and consequences for violation of the standards. Students need to be familiar with the standards set out in the Student Code of Conduct, as well as campus and classroom rule. The district has jurisdiction over its students during the regular school day and while going to and from school on district transportation. The district's jurisdiction includes any activity during the school day on school grounds, attendance at any school-related activity, regardless of time or location, and any school-related misconduct, regardless of time or location. A copy of this Code may be found in the principal's office and on the district website, www.wyliebulldogs.org.

Assaults

Students are prohibited from assaulting anyone on school property or at any school-related event. An assault is defined as:

- Intentionally, knowingly, or recklessly causing bodily injury to another person.
- Intentionally or knowingly threatening another with imminent bodily injury.

Wylie Junior High Student Handbook

- Intentionally or knowingly causing physical contact with another when the student knows or should reasonably believe that the other will regard the contact as offensive or provocative.

Assessing Discipline Penalties

When imposing discipline, district personnel shall adhere to the following guidelines:

1. Discipline shall be administered when necessary to protect students, school employees, or property and maintain essential order and discipline.
2. Students shall be treated fairly and equitably. Discipline shall be based on a careful assessment of the circumstances of each case. Factors to consider shall include:
 - The seriousness of the offense.
 - The student's age.
 - Frequency of misconduct.
 - Potential effect of the misconduct on the school environment.

Distance Learning All Grade Levels

Distance learning and correspondence courses include courses that encompass the state-required essential knowledge and skills but are taught through multiple technologies and alternative methodologies such as mail, satellite, internet, video-conferencing, and instructional television.

If a student wishes to enroll in a correspondence course or a distance learning course that is not provided through the Texas Virtual School Network (TXVSN), as described below, to earn credit in a course or subject, the student must receive permission from the principal prior to enrolling in the course or subject. If the student does not receive prior approval, the district may not recognize and apply the course or subject toward graduation requirements or subject mastery.

[See Remote Instruction.]

Texas Virtual School Network (TXVSN) (Secondary Grade Levels)

The Texas Virtual School Network (TXVSN) has been established by the state as one method of distance learning. A student has the option, with certain limitations, to enroll in a course offered through the TXVSN to earn course credit for graduation. Depending on the TXVSN course in which a student enrolls, the course may be subject to the "no pass, no play" rules. [See Extracurricular Activities, Clubs, and Organizations] In addition, a student who enrolls in a TXVSN course for which an end-of-course (EOC) assessment is required must still take the corresponding EOC assessment. A parent may ask questions or request that their child be enrolled in a TXVSN course by contacting the school counselor. Unless an exception is made by the campus principal, a student will not be allowed to enroll in a TXVSN course if the school offers the same or a similar course. A copy of policy EHDE addressing distance learning will be distributed to parents of middle and high school students at least once each year. If you do not receive a copy or have questions about this policy, please contact the campus principal.

Distribution of Literature, Published Materials, or Other Documents (All Grade Levels)

School Materials

Publications prepared by and for the school may be posted or distributed, with the prior approval of the principal, sponsor, or teacher. Such items may include school posters, newspapers, yearbooks, brochures, flyers, etc.

All school publications are under the supervision of a teacher, sponsor, and the principal.

Non-school Materials

From Students

Students must obtain prior approval from the campus principal before selling, posting, circulating, or distributing more than [number listed at FNAA(LOCAL) that defines distribution] copies of written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials that were not developed under the oversight of the school. To be considered, any non-school material must include the name of the sponsoring person or organization. Approval will be granted or denied within two school days.

The campus principal will designate the location for approved non-school materials to be placed for voluntary viewing or collection by students. [See policy FNAA for more information.]

A student may appeal a decision in accordance with policy FNG(LOCAL). Any student who sells, posts, circulates, or distributes non-school material without prior approval will be subject to disciplinary action in accordance with the Student Code of Conduct. Materials displayed without approval will be removed. [See policy FNG(LOCAL) for student complaint procedures.]

From Others

No person or group will sell, circulate, distribute, or post on any district premises written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials that is not sponsored by the district or by a district-affiliated school-support organization, except as permitted by policy GKDA.

To be considered for distribution, any non-school material must meet the limitations on content established in the policy, include the name of the sponsoring person or organization, and be submitted to the campus principal for prior review. The campus principal will approve or reject the materials within two school days of the time the materials are received. The requestor may appeal a rejection in accordance with the appropriate district complaint policy. [See policies DGBA or GF for more information.]

The campus principal will designate the location for approved non-school materials to be placed for voluntary viewing or collection.

Prior review will not be required for:

- Distribution of materials by an attendee to other attendees of a school sponsored meeting intended for adults and held after school hours.
- Distribution of materials by an attendee to other attendees of a community group meeting held after school hours in accordance with policy GKD(LOCAL) or a non-curriculum-related student group meeting held in accordance with policy FNAB(LOCAL).
- Distribution for electioneering purposes during the time a school facility is being used as a polling place, in accordance with state law.

All non-school materials distributed under these circumstances must be removed from district property immediately following the event at which the materials are distributed.

Dress and Grooming (Grade 5-8)

The Wylie ISD dress standards are established to prevent disruption and support the safety of all students, staff, and campus visitors. All students are expected to dress in a respectful manner within the acceptable standards of the educational community and in such a manner as to contribute to the academic atmosphere. Specifically, the dress standards are intended to teach students a skill that is required for success in future employment.

Wylie ISD expects that all students will dress in a way that is appropriate for the school day and for any school-sponsored event.

Our student dress standards are designed to accomplish the following goals:

- Maintain a safe learning environment in classes where protective and supportive clothing is needed, such as chemistry/biology, dance, or PE.
- Prevent students from wearing clothing for accessories that will interfere with the operation of the school, disrupt educational process, invade the rights of others or create a reasonably foreseeable risk of such interference or invasion of rights.
- Prevent students from wearing clothing or accessories that denote, suggest, display or reference alcohol, drugs or related paraphernalia, or other illegal conduct or activities.

Wylie Junior High Student Handbook

- Prevent students from wearing clothing or accessories that reasonably can be construed as being or including content that is profane, racist, lewd, vulgar, or obscene, or that reasonably can be construed as containing fighting words, speech that incites other to imminent lawless action, defamatory speech or threats to others.

Students shall come to school looking clean, neat, and ready to learn. Furthermore, to support proper hygiene on campus and maintain an environment conducive to learning, blankets and pillows, whether “worn” or carried, are prohibited on campus unless otherwise directed by the school staff.

Students Must Wear:

- Clothing that covers all private body parts at all times
 - Undergarments and clothing including both a shirt with pants, dress, skirt, or the equivalent.
 - Shorts/skirts/dresses, including athletic shorts, must extend to the thumb with arms extended by the side.
- Shoes at all times
- Clothing suitable for all scheduled classroom activities including physical education, science labs and CTE courses, and other activities where unique hazards exist.

Students May Wear:

- Religious headwear
- Hooded sweatshirts
 - Hoods cannot be worn while in the building
- Fitted pants (including leggings, joggers, and “skinny jeans”)
- Sweatpants, shorts, skirts, dresses, pants
- Ripped jeans if undergarments and buttocks are not exposed
- Tank tops with a shoulder width of a least 3 finger widths wide

Students May Not Wear:

- Strapless, backless, halter, bare-midriff, or spaghetti strap shirts/blouses/dresses
- Clothing that reveals undergarments
- Pajamas or house shoes/slippers unless approved by administration
- Hats, hoods, caps, visors, or similar hat-like apparel unless approved by administration
- Costume apparel or accessories
- Facial piercings beyond a single nose stud piercing including nose hoops/cuffs
- Extreme hairstyles such as but not limited to mohawks, unusually dyed or colored hair
- Clothing displaying violent language or images.
- Clothing with images or language depicting or representing drugs, alcohol (or any illegal item or activity), hate speech, profanity, or pornography.
- Clothing with images or language that creates a hostile or intimidating environment based on any protected class or consistently marginalized groups.
- Accessories that could be considered dangerous or could be used as a weapon.
- Any item that obscures the face (except as a religious observance or as required by the district to mitigate health risks associated with the spread of communicable disease).

For special events, defined by campus administration, specific dress requirements may be set. When there is a question on the dress or appearance of a student, the building administrator and school staff will use their discretion concerning the standards of dress.

Solutions to Address Wylie ISD Dress Standards:

If a student is not following the dress standards, the administrator/staff member should address the student in private to come up with a solution using the following guidelines:

- Students are expected to be in compliance with the dress standards during the instructional day
- Students will be given the option of removing articles and accessories that do not conform to the standards of dress.
- Students will be asked to put on their own alternative clothing, if already available at school, to be dressed more to the standards for the remainder of the day.
- Students will be provided with temporary school clothing to be dressed more to standards for the remainder of the day (when available).
- If necessary, students’ parents/guardians may be called during the school day to bring alternative clothing for the student to wear for the remainder of the school day.
- Students will not be allowed to leave campus for the purpose of changing clothes unless the school day has not begun

If a student refuses to accept the solutions provided above, he or she will be deemed as noncompliant and will be addressed in accordance with the Wylie ISD Student Code of Conduct.

The school administrators may make appropriate adjustments in the dress standards to fit the unique needs of a campus or student needs, and shall employ appropriate disciplinary procedures to carry out and enforce this policy.

Wylie Junior High students will be issued student ID badges. Students will be required to wear the ID badges during the school day. Students will be charged \$5 to replace lost/damaged ID badges and \$1 to replace lost or damaged lanyards.

Electronic Devices and Technology Resources (All Grade Levels)

Possession and Use of Personal Telecommunications Devices, Including Cell Phones, EarPods, and Other Electronic Devices

For safety purposes, the district permits students to possess personal mobile telephones; however, these devices must remain turned off during the instructional day, including during all testing, unless they are being used for approved instructional purposes. A student must have approval to possess other telecommunications devices such as netbooks, laptops, tablets, or other portable computers. Two areas and time periods will be available for 7th-8th Grade students at Wylie Junior High for personal use of electronic communication devices:

1. Gymnasium (before the 8:15 bell)

2. Lunchroom (during the student’s designated lunch period)

5th-6th grade students will not be allowed to use personal electronic devices on campus.

At all other times, students shall have devices in the off position and out of view during the school instructional day.

The use of mobile telephones or any device capable of capturing images is strictly prohibited in locker rooms or restroom areas while at school or at a school-related or school-sponsored event.

Wylie Junior High Student Handbook

If a student uses a telecommunications device without authorization during the school day, the device will be confiscated. On the first offense, the student may be allowed to pick up the device after the instructional day. On the second offense, the parent may be allowed to pick up the device after the instructional day. On the third offense, the parent may pick up the confiscated device from the principal's office for a fee of \$10. If the campus principal determines that the device has become a disruption to the educational process, he/she may prohibit the student from possessing the device at school.

Confiscated telecommunications devices that are not retrieved by the student or the student's parents will be disposed of after the notice required by law. [See policy FNCE.]

In limited circumstances and in accordance with law, a student's personal telecommunications device may be searched by authorized personnel. [See Searches and policy FNF.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district is not responsible for damaged, lost, or stolen telecommunications devices.

Instructional Use of Personal Telecommunications and Other Electronic Devices

Students must obtain prior approval to use personal telecommunications or other personal electronic devices for instructional purposes while on campus. Students must also sign a user agreement that contains applicable rules for use (separate from this handbook).

All personal devices must be turned off during the instructional day when not in use for approved instructional purposes. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action

Privilege

The use of the Wylie ISD electronic network and Internet is a privilege, not a right. Inappropriate use, including any violation of these conditions and rules, may result in cancellation of the privilege. The Wylie Independent School District, may determine appropriate use and may deny, evoke, suspend, or close any user account at any time based upon its determination of inappropriate use by the account holder or user.

Acceptable Use of District Technology Resources

District-owned technology resources may be issued to individual students for instructional purposes. Use of the district's network systems and equipment is restricted to approved purposes only. Students and parents will be asked to sign a user agreement (separate from this handbook) regarding use of these district resources. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action. The purpose of the Wylie I.S.D. electronic network and Internet is to facilitate communications in support of research and education, by providing access to unique resources and an opportunity for collaborative work. To remain eligible as a user, the use of your account must be in support of and consistent with the educational objectives of the district. The Wylie Independent School District and all users of the Internet must comply with existing rules and Acceptable Use Policies, which are incorporated into this document, and are available from the district.

2.1 Applying for a user ID under false pretenses is a punishable disciplinary offense.

2.2 Sharing your user ID with any other person is prohibited. In the result that you do share your user ID with another person, you will be solely responsible for the actions that other person appropriated.

2.3 Deletion, examination, copying, or modification of files and/or data belonging to other users without prior consent is prohibited.

2.4 Attempts to evade or change resource quotas are prohibited.

2.5 Continued impedance of other users through mass consumption of system resources, after receipt of a request to cease such activity, is prohibited.

2.6 Use of facilities and/or services for commercial or political purposes is prohibited.

2.7 Any unauthorized, deliberate action that damages or disrupts a computing system, alters its normal performance, or causes it to malfunction is a violation regardless of system location or time duration.

Unacceptable and Inappropriate Use of Technology Resources

Students are prohibited from possessing, sending, forwarding, posting, accessing, or displaying electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal. This prohibition also applies to conduct off school property, whether the equipment used to send such messages is district-owned or personally owned, if it results in a substantial disruption to the educational environment.

Any person taking, disseminating, transferring, possessing, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or other content, commonly referred to as "sexting," will be disciplined in accordance with the Student Code of Conduct, may be required to complete an educational program related to the dangers of this type of behavior, and, in certain circumstances, may be reported to law enforcement.

This type of behavior may constitute bullying or harassment, as well as impede future endeavors of a student. We encourage parents to review with their child the "[Before You Text" Sexting Prevention Course](https://txssc.txstate.edu/tools/courses/before-you-text/) (<https://txssc.txstate.edu/tools/courses/before-you-text/>), a state-developed program that addresses the consequences of sexting.

In accordance with state law, the district prohibits the installation or use of TikTok (or any successor application or service) on a district device, along with any other social media application or service determined by the governor.

Any student who engages in conduct that results in a breach of the district's computer security will be disciplined in accordance with the Student Code of Conduct. In some cases, the consequence may be expulsion.

Possession and Use of Other Personal Electronic Devices

Except as described below, students are not permitted to possess or use personal electronic devices such as MP3 players, video or audio recorders, DVD players, cameras, games, e-readers, or other electronic devices at school, unless prior permission has been obtained. Without such permission, teachers will collect the items and turn them in to the principal's office. The principal will determine whether to return items to students at the end of the day or to contact parents to pick up the items.

In limited circumstances and in accordance with law, a student's personal electronic device may be searched by authorized personnel. [See Searches and policy FNF.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district is not responsible for any damaged, lost, or stolen electronic device.

Monitoring

The Wylie Independent School District reserves the right to review any material on user-accounts and to monitor fileserver space in order for the Wylie Independent School District to make determinations on whether specific uses of the network are inappropriate. In reviewing and monitoring user-accounts and fileserver space, the Wylie Independent School District shall respect the privacy of user-accounts.

Security

Security on any computer system is a high priority, especially when the system involves many users. Users must never allow others to use their password. Users should also protect their password to ensure system security and their own privilege and ability to continue to use the system. As a user of the network, you may be allowed to access other networks (and/or the computer systems attached to those networks). Therefore:

4.1 Use of systems and/or networks in attempts to gain unauthorized access to remote systems is prohibited.

4.2 Use of systems and/or networks to connect to other systems, in evasion of the physical limitations of the remote system/local, is prohibited.

4.3 Decryption of system or user passwords is prohibited.

4.4 The copying of system files is prohibited.

4.5 The copying of copyrighted materials, such as third-party software, without the express written permission of the owner or the proper license, is prohibited.

4.6 Intentional attempts to "crash" Network systems or programs are punishable disciplinary offenses.

4.7 Any attempts to secure a higher level of privilege on Network systems are punishable disciplinary offenses.

4.8 The willful introduction of computer "viruses" or other disruptive/destructive programs into the organization network or into external networks is prohibited.

Vandalism and Harassment

Vandalism and harassment will result in cancellation of user privileges. Vandalism is defined as any malicious attempt to harm, modify, and destroy district equipment or materials, data of another user, Internet, or other networks that are connected to the Internet backbone. This includes, but is not limited to, the uploading or creating of computer viruses. Harassment is defined as the persistent annoyance of another user, or the interference of another user's work. Harassment includes, but is not limited to, the sending of unwanted mail.

Network Etiquette and Privacy

You are expected to abide by the generally accepted rules of network etiquette. These rules include (but are not limited to) the following:

6.1 BE POLITE. Never send, or encourage others to send, abusive messages.

6.2 USE APPROPRIATE LANGUAGE. Remember that you are a representative of our school and district on a non-private system. You may be alone with your computer, but what you say and do can be viewed globally! Never swear, use vulgarities, or any other inappropriate language. Illegal activities of any kind are strictly forbidden.

6.3 PRIVACY. Do not reveal your home address or personal phone number or the addresses and phone numbers of others. Do not communicate any credit card number, bank account numbers, or any other financial information.

6.4 ELECTRONIC MAIL. Electronic mail (e-mail) is not guaranteed to be private. Messages relating to or in support of illegal activities must be reported to the authorities.

6.5 DISRUPTIONS. DO not use the network in any way that would disrupt use of the network by others.

6.6 OTHER CONSIDERATIONS:

- Be brief.
- Fewer people will bother to read a long message.
- Minimize spelling errors and make sure your message is easy to understand and read.
- Use accurate and descriptive titles for your articles.
- Tell people what it is about before they read it.
- Get the most appropriate audience for your message, not the widest.
- Remember that humor and satire are very often misinterpreted.
- Remember that if you post to multiple groups; specify all groups in a single message.
- Cite references for any facts you present.
- Forgive the spelling and grammar errors of others.
- Keep signatures brief.
- Remember that all network users are human beings.
- Don't "attack" correspondents; persuade them with facts.
- Post only to groups you know.

Updating Member Account Information

The district may periodically require new password, registration, and account information from system users to continue service. System users must notify the district of any changes of account information, such as address and phone number.

Information/Third Party Supplied Information

System users and parents of students with access to the district's system should be aware that use of the system may provide access to other electronic communications systems in the global electronic network that may contain inaccurate and/or objectionable material.

A student knowingly bringing prohibited materials into the school's electronic environment may be subject to a suspension and/or revocation of privileges on the district's system and will be subject to disciplinary action in accordance with District policy.

An employee knowingly bringing prohibited materials into the school's electronic environment will be subject to disciplinary action in accordance with District policy.

System users may order services or merchandise from individuals and agencies not affiliated with the district but that may be accessed through the district's system. All matters concerning merchandise and services ordered including, but not limited to, purchase terms, payment terms, warranties, guarantees, and delivery are solely between the seller and the system user. The district makes no warranties or representation whatsoever with regard to any goods or services provided by the seller. District employees and administration will not be party to any such transaction or liable for any costs or damages arising out of, either directly or indirectly, the actions or inactions of sellers.

Disclaimer

The district's system is provided on an "as is, as available" basis. The district does not make any warranties, whether expressed or implied, including, without limitation, those of merchantability and fitness for a particular purpose with respect to any services provided by the system and any information or software contained therein. The district does not warrant that the functions or services performed by or that the information or software contained on the system will meet the system user's requirements, or that the system will be uninterrupted or error-free, or that defects will be corrected.

Opinions, advice, services, and all other information expressed by system users, information providers, service providers, or third-party individuals in the system are those of the providers and not the District.

The district will cooperate fully with local, state, or federal officials in any investigation concerning or relating to misuse of the district's electronic communications system.

Interactive Television Waiver

I (We) understand that in an interactive television environment, including but not limited to, distance learning, virtual field trips, and video conferencing my voice, physical presence, and participation in activities will be transmitted to distant sites. I hereby agree that my voice, presence, and participation in these activities will not be a violation of my personal rights and hereby release any claims for the use of such during the duration of the interactive television activity.

Acknowledgment of receipt of this information is included in the Student Information papers completed on Family Access.

End-of-Course (EOC) Assessments

[See Graduation and Standardized Testing]

Emergent Bilingual Students (All Grade Levels)

A student who is an emergent bilingual student is entitled to receive specialized services from the district. A Language Proficiency Assessment Committee (LPAC), consisting of both district personnel and at least one parent representative, will determine whether the student qualifies for services. The student's parent must consent to any services recommended by the LPAC. However, pending the receipt of parental consent or denial of services, an eligible student will receive the services to which the student is entitled and eligible.

To determine a student's level of proficiency in English, the LPAC will use information from a variety of assessments. If the student qualifies for services, and once a level of proficiency has been established, the LPAC will designate instructional accommodations or additional special programs that the student will require to eventually become proficient at grade level work in English. Ongoing assessments will be conducted to determine a student's continued eligibility for the program.

The LPAC will also determine whether certain accommodations are necessary for any state-mandated assessments. The STAAR Spanish, as mentioned at Standardized Testing, may be administered to an emergent bilingual student up to grade 5. In limited circumstances, a student's LPAC may exempt the student from an otherwise required state-mandated assessment or may waive certain graduation requirements related to the English I end-of-course (EOC) assessment. The Texas English Language Proficiency Assessment System (TELPAS) will also be administered to emergent bilingual students who qualify for services.

If a student is considered an emergent bilingual student and receives special education services because of a qualifying disability, the student's ARD committee will make instructional and assessment decisions in conjunction with the LPAC.

Extracurricular Activities, Clubs, and Organizations (All Grade Levels)

Participation in school-sponsored activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships.

Some extracurricular activities may include off-campus events. Students are required to use transportation provided by the district to and from the events. Exceptions may only be made with the approval of the activity's coach or sponsor. [See Transportation]

Eligibility for many of these activities is governed by state law and the rules of the University Interscholastic League (UIL), a statewide association overseeing inter-district competition. If a student is involved in an academic, athletic, or music activity governed by UIL, the student and parent are expected to know and follow all rules of the UIL organization. Students and parents can access the UIL Parent Information Manual at UIL Parent Information Manual. A hard copy can be provided by the coach or sponsor of the activity on request.

To report alleged noncompliance with required safety training or an alleged violation of safety rules required by law and the UIL, please contact the curriculum division of TEA at (512) 463-9581 or curriculum@tea.texas.gov.

[See [UIL Texas \(https://www.uil-texas.org/\)](https://www.uil-texas.org/) for additional information on all UIL-governed activities.]

Student safety in extracurricular activities is a priority of the district. Parents are entitled to review the district's records regarding the age of each football helmet used by the campus, including when a helmet has been reconditioned.

Generally, a student who receives a grade below 70 at the end of a grading period in any academic class may not participate in extracurricular activities for at least three school weeks.

However, if a student receives a grade below 70 at the end of a grading period in an Advanced Placement (AP) or International Baccalaureate (IB) course, or an honors or dual credit course in English language arts, mathematics, science, social studies, economics, or languages other than English, the student remains eligible for participation in all extracurricular activities.

If a student is enrolled in a state-approved music course that participates in UIL Concert and Sight-reading Evaluation, and the student receives a grade below 70 in any course at the end of a grading period, the student may perform with the ensemble during the UIL evaluation performance, but is ineligible for other extracurricular activities for at least three weeks.

In addition, the following applies to all extracurricular activities:

- A student who receives special education services and who fails to meet the standards in the individualized education program (IEP) may not participate for at least three school weeks.
- An ineligible student may practice or rehearse but may not participate in any competitive activity.
- A student is allowed in a school year up to 14 absences not related to post-district competition, a maximum of 14 absences for post-district competition prior to state, and a maximum of 14 absences for state competition. All extracurricular activities and public performances, whether UIL activities or other activities approved by the board, are subject to these restrictions.
- An absence for participation in an activity that has not been approved will be considered an unexcused absence.

Standards of Behavior

Sponsors of student clubs and performing groups such as the band, choir, and drill and athletic teams may establish standards of behavior—including consequences for misbehavior—that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the Student Code of Conduct or by board policy will apply in addition to any consequences specified by the organization's standards of behavior.

Offices and Elections

Certain clubs, organizations, and performing groups will hold elections for student officers. These groups include: Student Council, JS2S, Cheerleading, and Wylie Belles.

Fees (All Grade Levels)

Basic educational program materials are provided at no charge to a student. However, a student is expected to provide his or her own supplies, such as pencils, paper, erasers, and notebooks. A student may also be required to pay certain other costs, fees, or deposits, including:

- Materials for a class project that the student will keep.
- Membership dues in voluntary clubs or student organizations.
- Admission fees to extracurricular activities.
- Security deposits.
- Personal physical education and athletic equipment and apparel.
- Voluntarily purchased pictures, publications, class rings, yearbooks, graduation announcements, etc.
- Voluntarily purchased student health and accident insurance.
- Musical instrument rental and uniform maintenance, when uniforms are provided by the district.
- Personal apparel used in extracurricular activities that becomes the property of the student.
- Parking fees and student identification cards.
- Fees for lost, damaged, or overdue library books.
- Fees for driver training courses.
- Fees for optional courses offered for credit that require use of facilities not available on district premises.
- Summer school for courses that are offered tuition-free during the regular school year.
- A reasonable fee for providing transportation to a student who lives within two miles of the school. [See Buses and Other School Vehicles]
- A maximum fee of \$50 for an educational program outside of regular school hours for a student who has lost credit or has not been awarded a final grade because of absences and whose parent chooses the program for the student to meet the 90 percent attendance requirements. The fee will be charged only if the parent or guardian signs a district-provided request form.

Any required fee or deposit may be waived if the student and parent are unable to pay. Application for such a waiver may be made to the campus principal. [See policy FP for more information.]

Fundraising (All Grade Levels)

Student groups or classes and/or parent groups may be permitted to conduct fundraising drives for approved school purposes in accordance with administrative regulations. [See policies FJ and GE for more information.]

Gang-Free Zones (All Grade Levels)

Certain criminal offenses, including gang-related crimes, will be enhanced to the next-highest category of offense if they are committed in a gang-free zone. Gang-free zones include a school bus and any location in, on, or within 1,000 feet of any district-owned or leased property or campus playground.

Gender-Based Harassment

[See Dating Violence, Discrimination, Harassment, and Retaliation.]

Grading Guidelines (All Grade Levels)

Approved grading guidelines for each grade level or course will be communicated to students and their parents by the classroom teacher. These guidelines establish:

- The minimum number of assignments, projects, and examinations required for each grading period;
- How the student's mastery of concepts and achievement will be communicated (i.e., letter grades, numerical averages, checklist of required skills, etc.);
- Circumstances under which a student will be allowed to redo an assignment or retake an examination the student originally failed; and
- Procedures for a student to follow after an absence.

[See Report Cards/Progress Reports and Conferences for additional information on grading guidelines.]

Harassment

[See Dating Violence, Discrimination, Harassment, and Retaliation.]

Hazing (All Grade Levels)

Hazing is defined as an intentional, knowing, or reckless act, on or off campus, by one person alone or acting with others, directed against a student for the purpose of pledging, initiation into, affiliation with, holding office in, or maintaining membership in a student organization if the act meets the elements in Education Code 37.151, including:

- Any type of physical brutality;
- An activity that subjects the student to an unreasonable risk of harm or that adversely affects the student's mental or physical health, such as sleep deprivation, exposure to the elements, confinement to small spaces, calisthenics, or consumption of food, liquids, drugs, or other substances;
- An activity that induces, causes, or requires the student to perform a duty or task that violates the Penal Code; and
- Coercing a student to consume a drug or alcoholic beverage in an amount that would lead a reasonable person to believe the student is intoxicated.

The district will not tolerate hazing. Disciplinary consequences for hazing will be in accordance with the Student Code of Conduct. It is a criminal offense if a person engages in hazing; solicits, encourages, directs, aids, or attempts to aid another in hazing; or has firsthand knowledge of an incident of hazing being planned or having occurred and fails to report this to the principal or superintendent.

[See Bullying and policies FFI and FNCC for more information.]

Health—Physical and Mental Illness (All Grade Levels)

When your child is ill, please contact the school to let us know he or she will not be attending that day.

State rules require schools to exclude students with certain illnesses from school for certain periods of time. For example, if a child has a fever over 100 degrees, he or she must stay out of school until fever-free for 24 hours without use of fever-reducing medications. Students with diarrheal illnesses must stay home until they are diarrhea-free without use of diarrhea-suppressing medications for 24 hours.

A full list of conditions for which the school must exclude children can be obtained from the school nurse.

If a student becomes ill during the school day, and the school nurse determines that the child should go home, the nurse will contact the parent.

The district is required to report certain contagious (communicable) diseases or illnesses to the Texas Department of State Health Services (TDSHS) or our local/regional health authority. The school nurse can provide information from TDSHS on these notifiable conditions.

The school nurse is available to answer any questions for parents who are concerned about whether or not their child should stay home.

Immunization (All Grade Levels)

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical reasons or reasons of conscience, including a religious belief, the student will not be immunized.

For exemptions based on reasons of conscience, only official forms issued by the Texas Department of State Health Services (DSHS), Immunization Branch, can be honored by the district. This form may be obtained online at Affidavit Request for Exemption from Immunization or by writing the DSHS Immunization Branch (MC 1946), P.O. Box 149347, Austin, Texas 78714-9347. The form must be notarized and submitted to the principal or school nurse within 90 days of notarization. If the parent is seeking an exemption for more than one student in the family, a separate form must be provided for each student.

The immunizations required are:

- Diphtheria, tetanus, and pertussis;
- Polio;
- Measles, mumps, and rubella;
- Hepatitis B;
- Hepatitis A;
- Varicella (Chicken Pox)
- Meningococcal.

The school nurse can provide information on immunization requirements. Proof of immunization may be established by personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. registered and licensed physician stating that, in the doctor's opinion, the immunization required is medically contraindicated or poses a significant risk to the health and wellbeing of the student or a member of the student's family or household. This certificate must be renewed yearly unless the physician specifies a lifelong condition.

As noted at Bacterial Meningitis, entering college students must also, with limited exception, furnish evidence of having received a bacterial meningitis vaccination within the five years prior to enrolling in and attending classes at an institution of higher education. A student wanting to enroll in a dual credit course taken off campus may be subject to this or other vaccination requirements. [See the DSHS's [Texas School & Child Care Facility Immunization Requirements \(https://www.dshs.state.tx.us/immunize/school/default.shtm\)](https://www.dshs.state.tx.us/immunize/school/default.shtm) and policy FFAB(LEGAL) for more information.]

Head Lice (All Grade Levels)

Head lice is very common among children. Although not an illness or a disease, head lice spread through head-to-head contact during play, sports, nap time, and when children share things like brushes, combs, hats, and headphones.

The district does not require or recommend that students be removed from school because of lice or nits.

If careful observation indicates that a student has head lice, the school nurse will contact the student's parent to discuss a treatment plan using an FDA-approved medicated shampoo or cream rinse that may be purchased from any drug or grocery store. After the student undergoes one treatment, the parent should contact the school nurse to discuss the treatment used. The nurse can also offer additional recommendations, including subsequent treatments, how best to get rid of lice, and how to prevent lice from returning.

The district will provide notice to parents of elementary school students in an affected classroom without identifying the student with lice.

More information on head lice can be obtained from the DSHS website [Managing Head Lice in School Settings and at Home \(https://www.dshs.state.tx.us/schoolhealth/lice.shtm\)](https://www.dshs.state.tx.us/schoolhealth/lice.shtm) and from the Centers for Disease Control and Prevention's website [Head Lice Information for Parents \(https://www.cdc.gov/parasites/lice/head/parents.html\)](https://www.cdc.gov/parasites/lice/head/parents.html).

[See policy FFAA for more information.]

Medicine at School (All Grade Levels)

If a student must take medication during school hours, the student's parent must provide the medication. All medication, whether prescription or nonprescription, must be kept in the nurse's office and be administered by the nurse or another authorized district employee. A student may be authorized to possess his or her own medication because of asthma or a severe allergy as described below or as otherwise allowed by law.

The district will not purchase nonprescription medication to give to a student. In accordance with policy FFAC, authorized employees may administer:

- Prescription medication in the original, properly labeled container, provided by the parent, along with a written request.
- Prescription medication from a properly labeled unit dosage container filled by a registered nurse or another qualified district employee from the original, properly labeled container.
- Nonprescription medication in the original, properly labeled container, provided by the parent along with a written request. Note: Insect repellent is considered a nonprescription medication.
- Herbal or dietary supplements provided by the parent only if required by the student's individualized education program (IEP) or Section 504 plan for a student with disabilities.

An elementary or secondary student may possess and self-apply sunscreen to avoid overexposure to the sun. An elementary student's teacher or other district personnel will apply sunscreen to the student's exposed skin if the student brings the sunscreen to school and asks for help applying it. If a secondary student needs assistance with sunscreen application, please address the need with the school nurse.

Whether a student is at the elementary or secondary level, if sunscreen needs to be administered to treat any type of medical condition, this should be handled through communication with the school nurse so that the district is made aware of any safety and medical issues.

Asthma and Severe Allergic Reactions

A student with asthma or severe allergic reaction (anaphylaxis) may possess and use prescribed asthma or anaphylaxis medication at school or school related events only if he or she has written authorization from his or her parent and a physician or other licensed health-care provider. The student

must also demonstrate to his or her health-care provider and the school nurse the ability to use the prescribed medication, including any device required to administer the medication.

If the student has been prescribed asthma or anaphylaxis medication for use during the school day, the student and parents should discuss this with the school nurse or principal. [See *Medicine at School* for more information for unassigned asthma medication]. [See also *Food Allergies*]

Unassigned Epinephrine Auto-injectors

In accordance with Chapter 38, Subchapter E of the Education Code, the board has adopted a policy to allow authorized [*school personnel and/or school volunteers*] who have been adequately trained to administer an unassigned epinephrine auto-injector to a person who is reasonably believed to be experiencing a severe allergic reaction (anaphylaxis).

An “unassigned epinephrine auto-injector” is an epinephrine auto-injector prescribed by an authorized health-care provider in the name of the school issued with a non-patient-specific standing delegation order for the administration of an epinephrine auto-injector.

Epinephrine auto-injectors include brand-name devices such as EpiPens®.

Authorized and trained individuals may administer an epinephrine auto-injector at any time to a person experiencing anaphylaxis on a school campus.

The district will ensure that at each campus a sufficient number of [*school personnel and/or school volunteers*] are trained to administer epinephrine so that at least one trained individual is present on campus during regular school hours and whenever school personnel are physically on site for school-sponsored activities.

Authorized and trained individuals may administer an unassigned epinephrine auto-injector to a person experiencing anaphylaxis [*at an off-campus school event or while in transit to or from a school event*] when an unassigned epinephrine auto-injector is available.

For additional information, see FFAC(LOCAL).

Unassigned Medication for Respiratory Distress

In accordance with Chapter 38, Subchapter E of the Education Code, the board has adopted a policy to allow a authorized and trained [*school personnel and/or school volunteers*] to administer a medication for respiratory distress on a school campus or at a school-related activity to a person reasonably believed to be experiencing symptoms of respiratory distress. The district will provide at each campus [*school personnel and/or school volunteers*] who are trained to administer prescription medication for respiratory distress during regular school hours.

“Unassigned medication for respiratory distress” means albuterol, levalbuterol, or another medication designated by the executive commission of the Health and Human Services Commission for treatment of respiratory distress, prescribed by an authorized health-care provider in the name of the district with a non-patient-specific standing delegation order for the administration of a medication for respiratory distress, and issued by an authorized health-care provider.

For additional information, see FFAC(LOCAL).

Unassigned Opioid Antagonists

In accordance with Chapter 38, Subchapter E of the Education Code, the board has adopted a policy to allow authorized and trained [*school personnel and/or school volunteers*] at each campus that serves students in grades 6-12 to administer an opioid antagonist, such as Narcan or Naloxone, to an individual who is reasonably believed to be experiencing an opioid-related drug overdose.

One or more authorized and trained individuals will be present on each campus subject to this policy during regular school hours.

Steroids (Secondary Grade Levels Only)

State law prohibits students from possessing, dispensing, delivering, or administering an anabolic steroid. Anabolic steroids are for medical use only, and only a physician can prescribe use.

Bodybuilding, muscle enhancement, or the increase of muscle bulk or strength through the use of an anabolic steroid or human growth hormone by a healthy student is not a valid medical use and is a criminal offense.

Mental Health Support (All Grade Levels)

The district has implemented programs to address the following mental health, behavioral health, and substance abuse concerns:

- Mental health promotion and early intervention;
- Building skills to manage emotions, establish and maintain positive relationships, and engage in responsible decision-making;
- Substance abuse prevention and intervention;
- Suicide prevention, intervention, and postvention (interventions after a suicide in a community);
- Grief, trauma, and trauma-informed care;
- Positive behavior interventions and supports;
- Positive youth development; and
- Safe, supportive, and positive school climates.

To support Mental Health, the campus utilizes the SOAR Program, Student Support Program, BUILD class, Digital Citizenship class, Bulldog Bridge, and access to the campus Counselor and Licensed Specialist in School Psychology.

If a student has been hospitalized or placed in residential treatment for a mental health condition or substance abuse, the district has procedures to support the student’s return to school. Please contact the district’s mental health liaison for further information.

Teachers and other district employees may discuss a student’s academic progress or behavior with the student’s parents or another employee as appropriate; however, they are not permitted to recommend use of psychotropic drugs. A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication that is intended to alter perception, emotion, mood, or behavior.

A district employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate. [See policy FFAC FFEb for more information.] For related information, see:

- Consent to Conduct a Psychological Evaluation or Provide a Mental Health Care Service for the district’s procedures for recommending a mental health intervention and the mental health liaison’s contact information;
- Counseling or the district’s comprehensive school counseling program;
- Physical and Mental Health Resources for campus and community mental and physical health resources; and
- Policies and Procedures that Promote Student Physical and Mental Health for board-adopted policies and administrative procedures that promote student health.

Physical Activity Requirements Junior High/Middle School

The district will ensure that students in middle or junior high school will engage in 30 minutes of moderate or vigorous physical activity per day for at least four semesters in accordance with policies at EHAB, EHAC, EHBG, and FFA. For additional information on the district’s junior high and middle school student physical activity programs and requirements, please see the principal.

Temporary Restriction from Participation in Physical Education

Students who are temporarily restricted from participation in physical education will not actively participate in skill demonstration but will remain in class to learn the concepts of the lessons.

Physical Fitness Assessment (Grades 3–12)

Annually, the district will conduct a physical fitness assessment of students in grades 3–12 who are enrolled in a physical education course or a course for which physical education credit is awarded. At the end of the school year, a parent may submit a written request to obtain the results of his or her child’s physical fitness assessment conducted during the school year by contacting the campus principal.

Physical Health Screenings / Examinations

Athletics Participation (Secondary Grade Levels Only)

For certain extracurricular activities, a student must submit certification from an authorized health-care provider. The certification must state that the student has been examined and is physically able to participate in the relevant program, including:

- A district athletics program.
- District marching band.
- Any district extracurricular program identified by the superintendent.

This examination is required to be submitted annually to the district.

Students should be aware of the rare possibility of sudden cardiac arrest, which in athletes is usually caused by a previously unsuspected heart disease or disorder. A student may request an electrocardiogram (ECG or EKG) to screen for such disorders, in addition to his or her required physical examination.

See the UIL's explanation of [sudden cardiac arrest](https://www.uil-texas.org/health/info/sudden-cardiac-death) (<https://www.uil-texas.org/health/info/sudden-cardiac-death>) for more information.

Spinal Screening Program

School-based spinal screening helps identify adolescents with abnormal spinal curvature at an early stage, when the curve is mild and may go unnoticed. Early detection is key to controlling spinal deformities. Spinal screening is noninvasive and conducted in accordance with the most recent, nationally accepted and peer-reviewed standards.

All students who meet the Texas Department of State Health Services criteria will be screened for abnormal spinal curvature before the end of the school year. As appropriate, students will be referred for follow-up with their physician.

For information on spinal screening by an outside professional or exemption from spinal screening based on religious beliefs, contact the superintendent or see policy FFAA(LEGAL).

Special Health Concerns (All Grade Levels)

Bacterial Meningitis (All Grade Levels)

Please see the district's website at www.wyliebulldogs.org for information regarding meningitis.

Note: Entering college students must show, with limited exception, evidence of receiving a bacterial meningitis vaccination within the five-year period prior to enrolling in and taking courses at an institution of higher education. Please see the school nurse for more information, as this may affect a student who wishes to enroll in a dual credit course taken off campus. [See Immunization]

Diabetes (All Grade Levels)

In accordance with a student's individual health plan for management of diabetes, a student with diabetes will be permitted to possess and use monitoring and treatment supplies and equipment while at school or at a school-related activity. See the school nurse or principal for information. [See policy FFAF(LEGAL) for more information.]

Food Allergies (All Grade Levels)

Parents should notify the district when a student has been diagnosed with a food allergy, especially an allergy that could result in dangerous or life-threatening reactions either by inhalation, ingestion, or skin contact with the particular food. It is important to disclose the food to which the student is allergic as well as the nature of the allergic reaction. Please contact the school nurse or campus principal if your child has a known food allergy or as soon as possible after any diagnosis of a food allergy.

The district has developed and annually reviews a food allergy management plan, based on the Texas Department of State Health Services' (DSHS) "Guidelines for the Care of Students with Food Allergies At-Risk for Anaphylaxis" found on the DSHS website at Allergies and Anaphylaxis.

When the district receives information that a student has a food allergy that puts the student at risk for anaphylaxis, individual care plans will be developed to assist the student in safely accessing the school environment. The district's food allergy management plan can be accessed at

www.wyliebulldogs.org

[See Celebrations and policy FFAF for more information.]

Seizures (All Grade Levels)

To address the care of a student with a seizure disorder while at school or participating in a school activity, a parent may submit a seizure management and treatment plan to the district before the beginning of the school year, upon enrollment of the student, or as soon as practicable following diagnosis of a seizure disorder.

[See A Student with Physical or Mental Impairments Protected under Section 504 and contact the school nurse for more information.]

Tobacco and E-Cigarettes Prohibited (All Grade Levels and All Others on School Property)

Students are prohibited from possessing or using any type of tobacco product, electronic cigarette (e-cigarette), or any other electronic vaporizing device while on school property or while attending an off-campus school-related activity.

The district and its staff strictly enforce prohibitions against the use of all tobacco products, e-cigarettes, or any other electronic vaporizing device by students and all others on school property and at school-sponsored and school-related activities. [See the Student Code of Conduct and policies FNCD and GKA for more information.]

Notification of upcoming SHAC meetings will be posted at each campus' administrative office at least 72 hours before the meeting. Notification of upcoming SHAC meetings, meeting minutes, and a recording of each meeting will be posted on the district website at www.wyliebulldogs.org. [See Consent to Human Sexuality Instruction, Consent to Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking, and policies BDF and EHAA. for more information.]

Student Wellness Policy/Wellness Plan (All Grade Levels)

To encourage healthy habits in our students, the district has developed a board-adopted wellness policy at FFA(LOCAL) and corresponding plans and procedures to implement it. For questions about the content or implementation of the district's wellness policy and plan please contact Food Service Manager Kristi Landeros at 325-692-4353.

Homework (All Grade Levels)

Homework is an integral part of the education process. Students should strive to complete all assignments on time. If the assignment is not completed on time, the student will be subject to consequences in accordance with Wylie ISD school board policy.

Law Enforcement Agencies (All Grade Levels)

Questioning of Students

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the principal will cooperate fully regarding the conditions of the interview, including without parental consent, if necessary, if it is part of a child abuse investigation. In other circumstances, the principal will:

- Verify and record the identity of the officer or other authority and ask for an explanation of the need to question the student at school.
- Ordinarily make reasonable efforts to notify the parents, unless the interviewer raises what the principal considers to be a valid objection.
- Ordinarily be present for the questioning or interview, unless the interviewer raises what the principal considers to be a valid objection.

Students Taken into Custody

State law requires the district to permit a student to be taken into legal custody:

- To comply with an order of the juvenile court.
- To comply with the laws of arrest.
- By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.
- By a law enforcement officer to obtain fingerprints or photographs for comparison in an investigation.
- By a law enforcement officer to obtain fingerprints or photographs to establish a student's identity where the child may have engaged in conduct indicating a need for supervision, such as running away.
- By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.
- By an authorized representative of Child Protective Services (CPS), Texas Department of Family and Protective Services (DFPS), a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Family Code relating to the student's physical health or safety.
- To comply with a properly issued directive from a juvenile court to take a student into custody.

Before a student is released to a legally authorized person, the principal will verify the person's identity and, to the best of his or her ability, will verify the person's authority to take custody of the student.

The principal will immediately notify the superintendent and will attempt to notify the parent, unless the legally authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a student's release to a legally authorized person, any notification will most likely be after the fact.

Notification of Law Violations

The district is required by state law to notify:

- All instructional and support personnel who have responsibility for supervising a student who has been taken into custody, arrested, or referred to the juvenile court for any felony offense or for certain misdemeanors.
- All instructional and support personnel who have regular contact with a student who has been convicted, received deferred prosecution, received deferred adjudication, or was adjudicated for delinquent conduct for any felony offense or certain misdemeanors that occur in school, on school property, or at a school-sponsored or school-related activity on or off school property. These personnel will also be notified if the principal has reasonable grounds to believe the student has engaged in certain conduct.
- All appropriate district personnel regarding a student who is required to register as a sex offender. [See policy GRAA (LEGAL) for more information.]

Leaving Campus (All Grade Levels)

Student attendance is crucial. Appointments should be scheduled outside of school hours if possible. Absent extenuating circumstances, students will not regularly be released before the end of the school day.

Parental consent is required before any student leaves campus for any part of the school day.

For students in elementary and middle school, a parent or authorized adult must come to the office and show identification to sign the student out. A campus representative will ask the student to report to the office. For safety purposes and stability of the learning environment, we cannot allow any unescorted adult to go to the classroom or other area to pick up the student. If the student returns to campus the same day, the parent or authorized adult must sign the student back in through the main office upon the student's return. Documentation regarding the reason for the absence will also be required.

The same process applies to students in high school if a parent picks the student up from campus. If the student's parent authorizes the student to leave campus unaccompanied, a note provided by the parent must be submitted to the main office no later than two hours prior to the student's need to leave campus. A phone call from the parent may be accepted, but the school may ultimately require a note for documentation purposes. The student must sign out through the main office and sign in upon his or her return, if the student returns the same day.

If a student becomes ill during the school day and the school nurse or other district personnel determines that the student should go home, the nurse will contact the student's parent and document the parent's wishes regarding release from school.

Unless the parent directs district personnel to release the student unaccompanied, the parent or other authorized adult must follow the sign-out procedures listed above. If a student is permitted by his or her parent to leave campus unaccompanied, the nurse will document the time of day the student was released. Under no circumstances will a student in elementary or middle school be released unaccompanied.

If a student is 18 years of age or is an emancipated minor, the student may sign him- or herself out of school. Documentation regarding the reason for the absence will be required.

During Lunch

The Wylie Junior High are closed campuses, and no students are allowed to leave during lunch without a parent. WJH will not allow food to be delivered to students from any food delivery service at any time during the day. Food may only be delivered by a parent or guardian and only during lunch time. Parent or guardian must complete a Lunch Drop Off form when dropping off lunch for their student. Students will not be excused from class to pick up their lunch. The library will be closed during lunch time.

Wylie Junior High Student Handbook

At Any Other Time During the School Day

Students are not authorized to leave campus during regular school hours for any other reason, except with the permission of the principal. Students who leave campus in violation of these rules will be subject to disciplinary action in accordance with the Student Code of Conduct.

Lost and Found (All Grade Levels)

A lost and found collection box is located in the cafeteria. A student who loses an item should check the lost and found box. The district discourages bringing personal items of high monetary value to school, as the district is not responsible for lost or stolen items. The campus will dispose of lost and found items at the end of each semester.

Makeup Work

Makeup Work Because of Absence (All Grade Levels)

A teacher may assign makeup work to a student who misses class based on instructional objectives and the needs of the student in mastering the essential knowledge and skills or meeting subject or course requirements.

The student will be responsible for obtaining and completing the makeup work within the time specified by the teacher. A student who does not make up assigned work within the time allotted by the teacher will receive a grade of zero for the assignment.

The student is encouraged to speak with his or her teacher if the student knows of an absence ahead of time so that the teacher and student may plan any makeup work. Please remember the importance of student attendance at school and that, even though absences may be excused or unexcused, all absences account for the 90 percent threshold regarding the state laws surrounding "attendance for credit or final grade." [See Attendance for Credit or Final Grade]

A student involved in an extracurricular activity must notify his or her teachers ahead of time about any absences.

A student will be permitted to make up tests and turn in projects due in any class missed because of absence. Teachers may assign a late penalty to any long-term project in accordance with timelines approved by the principal and previously communicated to students.

DAEP Makeup Work

Grade Levels Grades 9–12

If a high school student is enrolled in a foundation curriculum course at the time of removal to a disciplinary alternative education program (DAEP), he or she will have an opportunity to complete the course before the beginning of the next school year. The district may provide the opportunity to complete the course through an alternative method, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FOCA(LEGAL) for more information.]

In-School Suspension (ISS) and Out-of-School Suspension (OSS) Makeup Work (All Grade Levels)

Alternative Means to Receive Coursework

While a student is in ISS or OSS, the district will provide the student with all course work for the student's foundation curriculum classes that the student misses as a result of the suspension.

Opportunity to Complete Courses

A student removed from the regular classroom to ISS or another setting, other than a DAEP, will have an opportunity to complete before the beginning of the next school year each course the student was enrolled in at the time of removal from the regular classroom. The district may provide the opportunity by any method available, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FO(LEGAL) for more information.]

Nondiscrimination Statement (All Grade Levels)

In its efforts to promote nondiscrimination and as required by law, the district does not discriminate on the basis of race, religion, color, national origin, gender, sex, disability, age, or any other basis prohibited by law in providing education services, activities, and programs, including Career and Technical Education (CTE) programs. The district provides equal access to the Boy Scouts and other designated youth groups.

In accordance with Title IX, the district does not and is required not to discriminate on the basis of sex in its educational programs or activities. The requirement not to discriminate extends to admission and employment. Inquiries about the application of Title IX may be referred to the district's Title IX Coordinator (see below), to the Assistant Secretary for Civil Rights of the Department of Education, or both.

Other federal laws that prohibit discrimination include Title VI, Section 504, the Age Discrimination Act, the Boy Scouts Act, and Title II.

The district has designated and authorized the following employee as the Title IX Coordinator to address concerns or inquiries regarding discrimination on the basis of sex, including sexual harassment, sexual assault, dating violence, domestic violence, stalking, or gender-based harassment: Tommy Vaughn, Title IX Coordinator, 6251 Buffalo gap Rd, 325-692-4353, tommy.vaughn@wyliebulldogs.org.

Reports can be made at any time and by any person, including during non-business hours, by mail, phone, or email. During district business hours, reports may also be made in person. Upon the district receiving notice or an allegation of sex-based harassment, the Title IX Coordinator will promptly respond in accordance with the process described at FFH(LOCAL).

The following district representatives have been designated to address concerns or inquiries about other kinds of discrimination:

For concerns regarding discrimination on the basis of disability, see the ADA/Section 504 Coordinator Tommy Vaughn, ADA/504 Coordinator, 6251 Buffalo gap Rd, 325-692-4353, tommy.vaughn@wyliebulldogs.org.

For all other concerns regarding discrimination, see the superintendent: Joey Light, 6251 Buffalo Gap Rd, 325-692-4353, joey.light@wyliebulldogs.org.

Parent and Family Engagement (All Grade Levels)

Working Together

Experience and research tell us that a child succeeds in education with good communication and a strong partnership between home and school. A parent's involvement and engagement in this partnership may include:

- Encouraging your child to put a high priority on education and working with your child every day to make the most of the educational opportunities the school provides.
- Ensuring that your child completes all homework assignments and special projects and comes to school each day prepared, rested, and ready to learn.
- Becoming familiar with all your child's school activities and with the academic programs, including special programs, offered in the district.
- Discussing with the school counselor or principal any questions you may have about the options and opportunities available to your child.
- Reviewing the requirements and options for graduation with your child in middle school and again while your child is enrolled in high school.
- Monitoring your child's academic progress and contacting teachers as needed. [See Academic Counseling]
- Attending scheduled conferences and requesting additional conferences as needed. To schedule a telephone or in-person conference with a teacher, school counselor, or principal, please call the school office for an appointment. The teacher will usually return your call or meet with you during his or her conference period or before or after school. [See Report Cards/Progress Reports and Conferences]
- Becoming a school volunteer. [See Volunteers and policy GKG for more information.]
- Participating in campus parent organizations. Parent organizations include: PTO.
- Serving as a parent representative on the district-level or campus-level planning committees that develop educational goals and plans to improve student achievement. [Contact the district office at 325-692-4353 and see policies BQA and BQB, for more information.]
- Serving on the School Health Advisory Council (SHAC) and assisting the district in aligning local community values with health education instruction and other wellness issues. [See School Health Advisory Council (SHAC) and policies BDF, EHAA, FFA for more information.]

Wylie Junior High Student Handbook

- Being aware of the school's ongoing bullying and harassment prevention efforts.
- Contacting school officials if you are concerned with your child's emotional or mental well-being.

Pledges of Allegiance and a Minute of Silence (All Grade Levels)

Each school day, students will recite the Pledge of Allegiance to the U.S. flag and the Pledge of Allegiance to the Texas flag. Parents may submit a written request to the principal to excuse their child from reciting a pledge. [See Reciting the Pledges to the U.S. and Texas Flags] State law requires that one minute of silence follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity during that minute so long as the silent activity does not interfere with or distract others. In addition, state law requires that each campus provide for the observance of one minute of silence in remembrance of those who lost their lives on September 11, 2001, at the beginning of the first class period when September 11 falls on a regular school day. [See policy EC for more information.]

Prayer (All Grade Levels)

Each student has a right to pray individually, voluntarily, and silently or to meditate in school in a manner that does not disrupt school activities. The school will not encourage, require, or coerce a student to engage in or refrain from such prayer or meditation during any school activity.

Promotion and Retention

A student will be promoted only on the basis of academic achievement or proficiency. In making promotion decisions, the district will consider the following:

- Teacher recommendation,
- Grades,
- Scores on criterion-referenced or state-mandated assessments, and
- Any other necessary academic information as determined by the district.

Elementary and Middle/Junior High Grade Levels

Promotion is based on policy EIE(LOCAL) which includes an overall average of 70 on a scale of 100 based on course-level, grade-level standards (essential knowledge and skills) for all subject areas and a grade of 70 or above in three of the following areas: language arts, mathematics, science, and social studies.

For the 2023–24 school year, a parent may request in writing that a student repeat grade 4, 5, 6, 7, or 8 that the student was enrolled in during the 2022-23 school year. Before granting the request, the district may convene a retention committee to meet and discuss the request and will invite the parent to participate.

Release of Students from School

[See Leaving Campus.]

Report Cards/Progress Reports and Conferences (All Grade Levels)

Report cards with each student's performance and absences in each class or subject are issued at least once every 6 weeks.

At the end of the first three weeks of a grading period, parents will receive a progress report if their child's performance in any course/subject area is near or below 70 or is below the expected level of performance. If a student receives a grade lower than 70 in any class or subject at the end of a grading period, the parent will be asked to schedule a conference with the teacher. [See Working Together for how to schedule a conference.]

Teachers follow grading guidelines that have been approved by the principal pursuant to the board-adopted policy. Grading guidelines are designed to reflect each student's relative mastery of each assignment. State law provides that a test or course grade issued by a teacher cannot be changed unless the board determines that the grade was arbitrary or contains an error, or that the teacher did not follow the district's grading policy. [See Grading Guidelines and policy EIA(LOCAL) for more information.]

Questions about grade calculation should first be discussed with the teacher. If the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG(LOCAL).

Questions about grade calculation should first be discussed with the teacher. If the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG(LOCAL). The report card or unsatisfactory progress report will state whether tutorials are required for a student who receives a grade lower than 70 in a class or subject.

The report card or unsatisfactory progress report will state whether tutorials are required for a student who receives a grade lower than 70.

The district may communicate academic information about a student electronically, including for progress reporting purposes. An electronic signature will be accepted by the district, but parents are entitled to request a handwritten signature of acknowledgment instead.

Retaliation

[See Dating Violence, Discrimination, Harassment, and Retaliation.]

Safety (All Grade Levels)

Student safety on campus, at school-related events, and in district vehicles is a high priority of the district. The cooperation of students is essential to ensuring school safety. A student is expected to:

- Avoid conduct that is likely to put the student or others at risk.
- Follow all behavioral standards in this handbook and the Student Code of Conduct or set by district employees.
- Help secure the campus by keeping all exterior doors closed, latched, and locked unless the door is actively monitored by a district employee.
- Follow instructions from teachers and other district employees regarding classroom doors.
- Remain alert to any safety hazards, such as intruders on campus or threats made by any person toward a student or staff member, and promptly report any incidents to a district employee. A student may make anonymous reports about safety concerns by making a report to the Wylie Tip Line located at www.wyliebulldogs.org.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other district employees who are overseeing the welfare of students.

Accident Insurance

Soon after the school year begins, parents will have the opportunity to purchase low-cost accident insurance that would help meet medical expenses in the event of injury to their child.

Insurance for Career and Technical Education (CTE) Programs

The district may purchase accident, liability, or automobile insurance coverage for students or businesses involved in the district's CTE programs.

Preparedness Drills: Evacuation, Severe Weather, and Other Emergencies

Periodically, the school will conduct preparedness drills of emergency procedures. When the command is given or alarm is sounded, students need to follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

Preparedness Training: CPR and Stop the Bleed

The district will offer instruction in CPR and the use of an automated external defibrillator (AED) at least once to students enrolled in in grades 7–12. The instruction can be provided as part of any course and is not required to result in CPR or AED certification.

Wylie Junior High Student Handbook

The district will annually offer students in grades 7–12 instruction on the use of bleeding control stations to respond to traumatic injury. For more information, see:

- [Homeland Security's Stop the Bleed \(https://www.dhs.gov/stopthebleed\)](https://www.dhs.gov/stopthebleed)
- [Stop the Bleed Texas \(https://stopthebleedtexas.org/\)](https://stopthebleedtexas.org/)

Emergency Medical Treatment and Information

All parents are asked each year to complete a medical care consent authorization form, providing written parental consent to obtain emergency treatment and information about allergies to medications or drugs. Parents should contact the school nurse to update emergency care information (name of doctor, emergency phone numbers, allergies, etc.). The district may consent to medical treatment, including dental treatment, if necessary, for a student if:

- The district has received written authorization from a person having the right to consent;
- That person cannot be contacted; and
- That person has not given the district actual notice to the contrary.

The emergency care authorization form will be used by the district when a student's parent or authorized designee is unable to be contacted. A student may provide consent if authorized by law or court order.

Regardless of parental authorization for the district to consent to medical treatment, district employees will contact emergency medical services to provide emergency care when required by law or when deemed necessary, such as to avoid a life-threatening situation.

Emergency School-Closing Information

Each year, parents are asked to complete an emergency release form to provide contact information in the event that the district needs to notify parents of early dismissal, delayed opening, or restricted access to a campus because of severe weather, a security threat, or another emergency cause. The district will rely on contact information on file with the district to communicate with parents in an emergency situation, which may include real-time or automated messages. It is crucial to notify your child's school when a phone number changes. State law requires parents to update contact information within two weeks after the date the information changes.

If the campus must close, delay opening, or restrict access to the building because of an emergency, the district will also alert the community in the following ways: local media and district automated messages.

[See Parent Contact Information and Automated Emergency Communications]

SAT, ACT, and Other Standardized Tests

[See Standardized Testing.]

Schedule Changes (Middle/Junior High and High School Grade Levels)

Schedule change requests can be made through the campus counselor.

Use by Students Before and After School (All Grade Levels)

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place.

The following areas are open to students before school, beginning at 7:30 a.m.

- Gymnasiums
- Cafeteria
- Locker rooms at designated times
- Classrooms at designated times

Asbestos Management Plan (All Grade Levels)

The district works diligently to maintain compliance with federal and state law governing asbestos in school buildings. A copy of the district's asbestos management plan is available in the central administrative office. If you have any questions or would like to examine the district's plan in more detail, please Craig Bessent, the district's designated asbestos coordinator, at 325-692-4353.

Food and Nutrition Services (All Grade Levels)

The district participates in the School Breakfast Program and National School Lunch Program and offers students nutritionally balanced meals daily in accordance with standards set forth in state and federal law.

Some students are eligible for free and reduced-price meals based on financial need. Information about a student's participation is confidential. The district may share information such as a student's name and eligibility status to help enroll eligible children in Medicaid or the state children's health insurance program (CHIP) unless the student's parent requests the student's information not be disclosed.

Participating students will be offered the same meal options as their peers and will not be treated differently from their peers. See Kristi Landeros, kristi.landeros@wyliebulldogs.org, or call 325-692-4353, Food Service Director, to apply for free or reduced-price meal services. [See policy CO for more information.] Wylie School Food Service is set up on a computerized debit system. All lunch accounts are individual student accounts. The system allows cashiers to debit meal costs from each student's prepaid account.

Parents should continually monitor their child's meal account balance. When a student's meal account is depleted, the district will notify the parent.

The student may continue to purchase meals according to the grace period set by the school board. The district will present the parent with a schedule of repayment for any outstanding account balance and an application for free or reduced meals.

If the district is unable to work out an agreement with the student's parent on replenishment of the meal account and payment of any outstanding balance, the student will receive a meal. The district will make every effort to avoid bringing attention to the student.

Students must have money in their account or pay cash the day they eat. Students will be reminded to bring lunch money the next day. The student will be allowed to continue to purchasing meals according to the grace period set by the school board. The district will present the parent with a schedule of repayment for any outstanding account balance and will provide an application for free and reduced meals if applicable.

Students are allowed to see their balance each day on the cafeteria cash register screen. They may check in the school office during lunch if they have questions.

You may access your student's account online through Family Access in order to see what meals and days your student is eating. You may also check their account balance. If you do not have a Family Access account, please call your campus secretary to request an account.

Vending Machines (All Grade Levels)

The district has adopted and implemented the state and federal policies for food service, including guidelines to restrict student access to vending machines. For more information regarding these policies and guidelines, see the principal [See policy FFA for more information.]

Pest Management Plan (All Grade Levels)

The district is required to follow integrated pest management (IPM) procedures to control pests on school grounds. Although the district strives to use the safest and most effective methods to manage pests, including a variety of non chemical control measures, periodic indoor and outdoor pesticide use is sometimes necessary to ensure a safe, pest-free school environment.

All pesticides used are registered for their intended use by the U.S. Environmental Protection Agency and are applied only by certified pesticide applicators. Except in an emergency, signs will be posted 48 hours before indoor application. All outdoor applications will be posted at the time of treatment, and signs will remain until it is safe to enter the area.

Parents who have questions or who want to be notified of the times and types of applications prior to pesticide application inside their child’s school assignment area may contact Craig Bessent, Assistant Superintendent, the district’s IPM coordinator, at 325-692-4353.

Conduct Before and After School (All Grade Levels)

Teachers and administrators have full authority over student conduct at before or after-school activities. Whether a school activity is on or off district premises, students are subject to the same rules of conduct that apply during the instructional day. Misbehavior will be subject to consequences established by the Student Code of Conduct or any stricter standards of behavior established by the sponsor for extracurricular participants.

Library (All Grade Levels)

The library is open for independent student use during the following times with a teacher permit:

Meetings of Non-curriculum-Related Groups (Secondary Grade Levels Only)

Student-organized, student-led non-curriculum-related groups are permitted to meet during the hours designated by the principal before and after school. These groups must comply with the requirements of policy FNAB(LOCAL).

A list of these groups is available in the principal’s office.

Use of Hallways During Class Time (All Grade Levels)

During class times, loitering or standing in the halls is not permitted, and a student must have a hall pass to be outside the classroom for any purpose. Failure to obtain a pass will result in disciplinary action in accordance with the Student Code of Conduct.

Use by Students Before and After School (All Grade Levels)

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place.

The following areas are open to students before school, beginning at 7 a.m.

- Cafeteria
- Gymnasium

The following areas are open to students before school, beginning at 7:50 a.m.

- Teacher classrooms for tutorials

Unless the teacher or sponsor overseeing an activity gives permission, a student will not be permitted to go to another area of the building or campus. Students must leave campus immediately after dismissal of school in the afternoon, unless the student is involved in an activity under the supervision of a teacher or other authorized employee or adult.

School-sponsored Field Trips

The district periodically takes students on field trips for educational purposes.

A parent must provide permission for a student to participate in a field trip.

The district may ask the parent to provide information about a student’s medical provider and insurance coverage and may also ask the parent to sign a waiver allowing for emergency medical treatment in the case of a student accident or illness during the field trip.

The district may require a fee for student participation in a field trip that is not required as part of a basic educational program or course to cover expenses such as transportation, admission, and meals; however, a student will not be denied participation because of financial need. See Fees (All Grade Levels) for more information.

The district is not responsible for refunding fees paid directly to a third-party vendor.

Searches in General (All Grade Levels)

In the interest of promoting student safety and drug-free schools, district officials may occasionally conduct searches.

District officials may search students, their belongings, and their vehicles in accordance with law and district policy. Searches of students will be conducted without discrimination, based on, for example, reasonable suspicion or voluntary consent or pursuant to district policy providing for suspicion-less security procedures, including the use of metal detectors.

In accordance with the Student Code of Conduct, students are responsible for prohibited items found in their possession, including items in their personal belongings or in vehicles parked on district property.

If there is reasonable suspicion to believe that searching a student’s person, belongings, or vehicle will reveal evidence of a violation of the Student Code of Conduct, a district official may conduct a search in accordance with law and district regulations.

District Property (All Grade Levels)

Desks, lockers, district-provided technology, and similar items are the property of the district and are provided for student use as a matter of convenience. District property is subject to search or inspection at any time without notice. Students have no expectation of privacy in district property.

Students are responsible for any item found in district property provided to the student that is prohibited by law, district policy, or the Student Code of Conduct.

Metal Detectors (All Grade Levels)

To maintain a safe and disciplined learning environment, the district reserves the right to subject students to metal detector searches when entering a district campus and at off-campus, school-sponsored activities.

Telecommunications and Other Electronic Devices (All Grade Levels)

Use of district-owned equipment and its network systems is not private and will be monitored by the district. [See policy CQ for more information.]

Wylie Junior High Student Handbook

Any searches of personal electronic devices will be conducted in accordance with law, and the device may be confiscated to perform a lawful search. A confiscated device may be turned over to law enforcement to determine whether a crime has been committed. [See Electronic Devices and Technology Resources and policy FNF(LEGAL) for more information.]

Trained Dogs (All Grade Levels)

The district may use trained dogs to screen for concealed, prohibited items, including drugs and alcohol. Screenings conducted by trained dogs will not be announced in advance. The dogs will not be used with students, but students may be asked to leave personal belongings in an area that is going to be screened, such as a classroom, a locker, or a vehicle. If a dog alerts to an item or an area, it may be searched by district officials.

Sexual Harassment

[See Dating Violence, Discrimination, Harassment, and Retaliation.]

Special Programs (All Grade Levels)

The district provides special programs for gifted and talented students, students who are homeless, students in foster care, bilingual students, migrant students, emergent bilingual students, students diagnosed with dyslexia, and students with disabilities. The coordinator of each program can answer questions about eligibility requirements, as well as programs and services offered in the district or by other organizations. A student or parent with questions about these programs should contact Kim Cheek, GT Coordinator at 325-692-7960 or Shauni Vaughn, Special Education Coordinator at 325-437-2370 ext. 1201.

The Texas State Library and Archives Commission's [Talking Book Program](https://www.tsl.texas.gov/tbp/index.html) (<https://www.tsl.texas.gov/tbp/index.html>) provides audiobooks free of charge to qualifying Texans, including students with visual, physical, or reading disabilities such as dyslexia.

Required State Assessments

STAAR (State of Texas Assessments of Academic Readiness)

Grades 3–8

In addition to routine tests and other measures of achievement, students at certain grade levels are required to take the state assessment, called STAAR, in the following subjects:

- Mathematics, annually in grades 3–8
- Reading, annually in grades 3–8
- Science in grades 5 and 8
- Social Studies in grade 8

STAAR Alternate 2 is available for eligible students receiving special education services who meet certain state-established criteria as determined by the student's ARD committee.

STAAR Spanish is available for eligible students for whom a Spanish version of STAAR is the most appropriate measure of their academic progress.

Failure to Perform Satisfactorily on STAAR Reading or Math

If a student in grades 3–8 does not perform satisfactorily on the state assessment, the district will provide accelerated instruction for the student. A student who does not attend accelerated instruction may violate school attendance requirements.

For a student who does not perform satisfactorily on the math or reading assessment in grades 3, 5, or 8, the district will establish an accelerated learning committee (ALC), which includes the student's parent, to develop an educational plan for accelerated instruction to enable the student to perform at the appropriate grade level by the conclusion of the next school year. The district will document the educational plan in writing and provide a copy to the student's parent.

The parent of a student in grades 3, 5, or 8 who fails to perform satisfactorily on the math or reading assessment may:

- Request that the district consider assigning the student to a particular classroom teacher in the applicable subject area, if more than one classroom teacher is available.
- File a grievance or complaint regarding the content or implementation of the ALC's educational plan. See Complaints and Concerns (All Grade Levels) and FNG(LOCAL).

Standardized Testing for a Student Enrolled Above Grade Level

If a student in grades 3–8 is enrolled in a class or course intended for students above his or her current grade level in which the student will be administered a state-mandated assessment, the student will be required to take an applicable state-mandated assessment only for the course in which he or she is enrolled, unless otherwise required to do so by federal law.

A student in grades 3–8 shall be assessed at least once in high school with the ACT or the SAT if the student completes the high school end-of-course assessments in mathematics, reading/language arts, or science prior to high school.

Standardized Testing for a Student in Special Programs

Certain students—some with disabilities and some classified as emergent bilingual students—may be eligible for exemptions, accommodations, or deferred testing.

STAAR Alternate 2 is available for eligible students receiving special education services who meet certain state-established criteria as determined by the student's ARD committee.

An admission, review, and dismissal (ARD) committee for a student in grades 9-12 receiving special education services will determine whether successful performance on the EOC assessments will be required for graduation within the parameters identified in state rules and the student's personal graduation plan (PGP). STAAR Spanish is available for eligible students for whom a Spanish version of STAAR is the most appropriate measure of their academic progress.

For more information, see the principal, school counselor, or special education director.

Personal Graduation Plans - Middle or Junior High School Students

For a junior high-school student who does not perform satisfactorily on a state-mandated examination, a school official will prepare a personal graduation plan (PGP). School officials will also develop a PGP for a junior high school student who is determined by the district to be unlikely to earn a high school diploma within five years of high school enrollment. The plan will, among other items;

- Identify the student's educational goals,
- Address the parent's educational expectations for the student, and
- Outline an intensive instruction program for the student.

[See the school counselor and policy EIF(LEGAL) for more information. For a student receiving special education services, the student's IEP may serve as the student's PGP and would therefore be developed by the student's ARD committee. [See Personal Graduation Plans for information related to the development of personal graduation plans for high school students.]

High School Courses End-of-Course (EOC) Assessments

STAAR end-of-course (EOC) assessments are administered for the following courses:

- Algebra I

Satisfactory performance on the applicable assessments is required for graduation, unless waived or substituted as allowed by state law and rules.

There are three testing windows during the year in which a student may take an EOC assessment. The windows occur in the fall, spring, and summer months. If a student does not meet satisfactory performance, the student will have opportunities to retake the assessment.

STAAR Alternate 2 is available for eligible students receiving special education services who meet certain criteria established by the state as determined by the student's ARD committee.

Wylie Junior High Student Handbook

An admission, review, and dismissal (ARD) committee for a student receiving special education services will determine whether successful performance on the EOC assessments will be required for graduation within the parameters identified in state rules and the student's personal graduation plan (PGP). [See Graduation]

Requesting Administration of STAAR/EOC in Paper Format (All Grade Levels)

STAAR and EOC assessments are administered electronically.

A parent or teacher may request that a STAAR or EOC be administered to a student in paper format. The district may grant this request for any single administration for up to three percent of the number of students enrolled in the district. Requests will be granted in the order in which they are received.

Requests for paper format for a fall administration of a STAAR or EOC must be submitted no later than September 15 each school year.

Requests for paper format for a spring administration of a STAAR or EOC must be submitted no later than December 1 each school year.

Student Speakers (All Grade Levels)

The district provides students the opportunity to introduce the following school events: school assemblies, pep rallies, informative assemblies, and special award assemblies. If a student meets the eligibility criteria and wishes to introduce one of the school events listed above, the student should submit his or her name in accordance with policy FNA(LOCAL).

Summer School (All Grade Levels)

As deemed necessary by the school district, Wylie ISD may in certain situations provide extra classroom time during the summer months. Extra class time may be provided under the rules and laws of the Texas Education Agency (TEA).

Tardies (All Grade Levels)

A student who is not in the appropriate class when the period bell starts to ring may be considered tardy. Those students as designated by the teacher may serve a "Lunch Detention" or given another appropriate consequence.

Textbooks, Electronic Textbooks, Technological Equipment, and Other Instructional Materials (All Grade Levels)

Instructional materials are any resources used in classroom instruction as part of the required curriculum, such as textbooks, workbooks, computer software, or online services.

The district selects instructional materials in accordance with state law and policy EFA.

The district provides approved instructional materials to students free of charge for each subject or class. Students must treat instructional materials with care, as directed by the teacher.

If a student needs a graphing calculator for a course and the district does not provide one, the student may use a calculator application with graphing capabilities on a phone, laptop, tablet, or other computing device.

A student who is issued a damaged item should report the damage to the teacher.

Any student who does not return an item or returns an item in an unacceptable condition loses the right to free textbooks and technological equipment until the item is returned or the damage is paid for by the parent. However, the student will be provided the necessary instructional resources and equipment for use at school during the school day.

For information on library books and other resources students may access voluntarily, see Library (All Grade Levels).

Transfers (All Grade Levels)

The principal is authorized to transfer a student from one classroom to another.

The superintendent is authorized to investigate and approve transfers between schools.

[See Safety Transfers/Assignments, Bullying, and Students Who Have Learning Difficulties or Who Need Special Education or Section 504 Services, for other transfer options.]

Transportation (All Grade Levels)

School-Sponsored Trips

Students who participate in school-sponsored trips are required to use school provided transportation to and from the event. However, in accordance with campus procedures, a parent may provide written consent for his or her child to ride with or be released after the event to the parent or another adult designated by the parent. [See School-Sponsored Field Trips]

Buses and Other School Vehicles

The district makes school bus transportation available to all students living two or more miles from school and to any students who are experiencing homelessness. This service is provided at no cost to students.

Bus routes and stops will be designated annually. Any subsequent changes will be posted at the school and on the district's website. For the safety of the driver and all passengers, students must board district vehicles only at authorized stops and drivers must unload passengers only at authorized stops.

A parent may designate a child-care facility or grandparent's residence as the regular pickup and drop-off location for his or her child. The designated location must be an approved stop on an approved route. For information on bus routes and stops or to designate an alternate pickup or drop-off location, contact Craig Bessent, Assistant Superintendent, at 325-692-4353.

Students are expected to assist district staff in ensuring that buses and other district vehicles are clean and safe. When riding in district vehicles, students are held to behavioral standards established in this handbook and the Student Code of Conduct. Students must:

- Follow the driver's directions at all times.
- Enter and leave the vehicle in an orderly manner at the designated stop.
- Keep feet, books, instrument cases, and other objects out of the aisle.
- Not deface the vehicle or its equipment.
- Not put head, hands, arms, or legs out of the window, hold any object out of the window, or throw objects within or out of the vehicle.
- Not possess or use any form of tobacco or e-cigarettes in any district vehicle.
- Observe all usual classroom rules
- Be seated while the vehicle is moving.
- Fasten their seat belts, if available.
- Wait for the driver's signal upon leaving the vehicle and before crossing in front of the vehicle.
- Follow any other rules established by the operator of the vehicle.

Misconduct will be punished in accordance with the Student Code of Conduct, including loss of the privilege to ride in a district vehicle. [See the Student Code of Conduct for provisions regarding transportation to the DAEP.]

Vandalism (All Grade Levels)

Littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the Student Code of Conduct.

Video Cameras (All Grade Levels)

For safety purposes, the district uses video and audio recording equipment to monitor student behavior, including on buses and in common areas on campus. Students will not be told when the equipment is being used.

The principal will review the video and audio recordings as needed and document student misconduct. Discipline will be in accordance with the Student Code of Conduct.

Wylie Junior High Student Handbook

In accordance with state law, a parent of a student who receives special education services, a staff member (as this term is defined by law), a principal or assistant principal, or the board may make a written request for the district to place video and audio recording equipment in certain self-contained special education classrooms. The district will provide notice before placing a video camera in a classroom or other setting in which a child receives special education services. For more information or to request the installation and operation of this equipment, speak with the principal or Shauni Vaughn, who the district has designated to coordinate the implementation of and compliance with this law. [See policy EHBAF(LOCAL) for more information.] [For video and other recording by parents or visitors to virtual or in-person classrooms, see Consent to Video or Audio Record a Student when Not Already Permitted by Law.]

Visitors to the School (All Grade Levels)

General Visitors

Parents and others are welcome to visit district schools. For the safety of those within the school and to avoid disruption of instructional time, all visitors must:

- Request entry to the school at the primary entrance unless otherwise directed by a district employee.
- first report to the main office.
- Be prepared to show identification.
- Exit the school at the primary entrance and leave all exterior doors closed, latched, and locked unless actively monitored by a district employee.
- Comply with all applicable district policies and procedures.

If requested by a district employee, a visitor must provide identification such as a driver's license, other picture identification issued by a government entity, or employee or student identification issued by the district. A person who refuses to provide identification and who reasonably appears to have no legitimate reason to be on district property may be ejected from district property.

Individuals may visit classrooms during instructional time only with approval of the principal and teacher. Visitors may not interfere with instruction or disrupt the normal school environment.

All visitors are expected to demonstrate the highest standards of courtesy and conduct. Disruptive behavior or violations of student privacy will not be permitted. Below is the text of Wylie ISD's policy FFI (LOCAL) as of the date that this handbook was finalized for this school year.

Student Welfare: Freedom from Bullying Policy FFI(LOCAL) adopted on 2/16/2012 BULLYING PROHIBITED

The district prohibits bullying as defined by this policy. Retaliation against anyone involved in the complaint process is a violation of District policy and is prohibited.

DEFINITION

Bullying occurs when a student or group of students engages in written or verbal expression, expression through electronic means, or physical conduct that occurs on school property, at a school-sponsored or school-related activity, or in a vehicle operated by the district and that:

1. Has the effect or will have the effect of physically harming a student, damaging a student's property, or placing a student in reasonable fear of harm to the student's person or of damage to the student's property; or
2. Is sufficiently severe, persistent, and pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student.

This conduct is considered bullying if it:

1. Exploits an imbalance of power between the student perpetrator and the student victim through written or verbal expression or physical conduct; and
2. Interferes with a student's education or substantially disrupts the operation of a school.

EXAMPLES

Bullying of a student may include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name calling, rumor spreading, or ostracism.

RETALIATION

The district prohibits retaliation by a student or District employee against any person who in good faith makes a report of bullying, serves as a witness, or participates in an investigation.

EXAMPLES

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

FALSE CLAIM

A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a District investigation regarding bullying shall be subject to appropriate disciplinary action.

TIMELY REPORTING

Reports of bullying shall be made as soon as possible after the alleged act or knowledge of the alleged act. A failure to immediately report may impair the district's ability to investigate and address the prohibited conduct.

REPORTING PROCEDURES

STUDENT REPORT

To obtain assistance and intervention, any student who believes that he or she has experienced bullying or believes that another student has experienced bullying should immediately report the alleged acts to a teacher, counselor, principal, or other District employee.

EMPLOYEE REPORT

Any District employee who suspects or receives notice that a student or group of students has or may have experienced bullying shall immediately notify the principal or designee.

REPORT FORMAT

A report may be made orally or in writing. The principal or designee shall reduce any oral reports to written form.

PROHIBITED CONDUCT

The principal or designee shall determine whether the allegations in the report, if proven, would constitute prohibited conduct as defined by policy FFH, including dating violence and harassment or discrimination on the basis of race, color, religion, gender, national origin, or disability. If so, the district shall proceed under policy FFH. If the allegations could constitute both prohibited conduct and bullying, the investigation under FFH shall include a determination on each type of conduct.

INVESTIGATION OF REPORT

The principal or designee shall conduct an appropriate investigation based on the allegations in the report. The principal or designee shall promptly take interim action calculated to prevent bullying during the course of an investigation, if appropriate.

CONCLUDING THE INVESTIGATION

Absent extenuating circumstances, the investigation should be completed within ten District business days from the date of the initial report alleging bullying; however, the principal or designee shall take additional time if necessary to complete a thorough investigation.

The principal or designee shall prepare a final, written report of the investigation. The report shall include a determination of whether bullying occurred, and if so, whether the victim used reasonable self-defense. A copy of the report shall be sent to the Superintendent or designee.

NOTICE TO PARENTS

If an incident of bullying is confirmed, the principal or designee shall promptly notify the parents of the victim and of the student who engaged in bullying.

DISTRICT ACTION

BULLYING

If the results of an investigation indicate that bullying occurred, the district shall promptly respond by taking appropriate disciplinary action in accordance with the District's Student Code of Conduct and may take corrective action reasonably calculated to address the conduct.

DISCIPLINE

A student who is a victim of bullying and who used reasonable self-defense in response to the bullying shall not be subject to disciplinary action. The discipline of a student with a disability is subject to applicable state and federal law in addition to the Student Code of Conduct.

CORRECTIVE ACTION

Examples of corrective action may include a training program for the individuals involved in the complaint, a comprehensive education program for the school community, follow-up inquiries to determine if any new incidents or any instances of retaliation have occurred, involving parents and students in efforts to identify problems and improve the school climate, increasing staff monitoring of areas where bullying has occurred, and reaffirming the district's policy against bullying.

TRANSFERS

Wylie Junior High Student Handbook

The principal or designee shall refer to FDB for transfer provisions.

COUNSELING

The principal or designee shall notify the victim, the student who engaged in bullying, and any students who witnessed the bullying of available counseling options.

IMPROPER CONDUCT

If the investigation reveals improper conduct that did not rise to the level of prohibited conduct or bullying, the district may take action in accordance with the Student Code of Conduct or any other appropriate corrective action.

CONFIDENTIALITY

To the greatest extent possible, the district shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation.

APPEAL

A student who is dissatisfied with the outcome of the investigation may appeal through FNG (LOCAL), beginning at the appropriate level.

RECORDS RETENTION

Retention of records shall be in accordance with CPC (LOCAL).

ACCESS TO POLICY AND PROCEDURES

This policy and any accompanying procedures shall be distributed annually in the employee and student handbooks. Copies of the policy and procedures shall be posted on the District's Web site, to the extent practicable, and shall be readily available at each campus and the district's administrative offices.

Appendix B

Aiding Students Who Have Learning Difficulties or Who Need Special Education or Section 504 Services

For those students who are having difficulty in the regular classroom, all school districts and open enrollment charter schools must consider tutorial, compensatory, and other academic or behavior support services that are available to all students, including a process based on Response to Intervention (RtI). The implementation of RtI has the potential to have a positive impact on the ability of districts and charter schools to meet the needs of all struggling students.

If a student is experiencing learning difficulties, his or her parent may contact the individual(s) listed below to learn about the school's overall general education referral or screening system for support services. This system links students to a variety of support options, including making a referral for a special education evaluation or for a Section 504 evaluation to determine if the student needs specific aids, accommodations, or services. A parent may request an evaluation for special education or Section 504 services at any time.

Special Education Referrals:

If a parent makes a written request for an initial evaluation for special education services to the director of special education services or an administrative employee of the school district or open enrollment charter school, the district or charter school must respond no later than 15 school days after receiving the request. At that time, the district or charter school must give the parent a prior written notice of whether it agrees to or refuses to evaluate the student, along with a copy of the *Notice of Procedural Safeguards*. If the school district or charter school agrees to evaluate the student, it must also give the parent the opportunity to give written consent for the evaluation.

Please note that a request for a special education evaluation may be made verbally and does not need to be in writing. Districts and charter schools must still comply with all federal prior written notice and procedural safeguard requirements and the requirements for identifying, locating, and evaluating children who are suspected of being a child with a disability and in need of special education. However, a verbal request does not require the district or charter school to respond within the 15-school-day timeline.

If the district or charter school decides to evaluate the student, it must complete the student's initial evaluation and evaluation report no later than 45 school days from the day it receives a parent's written consent to evaluate the student.

However, if the student is absent from school during the evaluation period for three or more school days, the evaluation period will be extended by the number of school days equal to the number of school days that the student is absent.

There is an exception to the 45-school-day timeline. If a district or charter school receives a parent's consent for the initial evaluation at least 35 but less than 45 school days before the last instructional day of the school year, it must complete the written report and provide a copy of the report to the parent by June 30 of that year. However, if the student is absent from school for three or more days during the evaluation period, the June 30th due date no longer applies. Instead, the general timeline of 45 school days plus extensions for absences of three or more days will apply.

Upon completing the evaluation, the district or charter school must give the parent a copy of the evaluation report at no cost.

Additional information regarding special education is available from the district or charter school in a companion document titled *Parent's Guide to the Admission, Review, and Dismissal Process*.

Contact Person for Special Education Referrals:

The designated person to contact regarding options for a student experiencing learning difficulties or regarding a referral for evaluation for special education services is the campus counselor.

Section 504 Referrals:

Each school district or charter school must have standards and procedures in place for the evaluation and placement of students in the district's or charter school's Section 504 program. Districts and charter schools must also implement a system of procedural safeguards that includes notice, an opportunity for a parent or guardian to examine relevant records, an impartial hearing with an opportunity for participation by the parent or guardian and representation by counsel, and a review procedure.

Contact Person for Section 504 Referrals:

The designated person to contact regarding options for a student experiencing learning difficulties or regarding a referral for evaluation for Section 504 services is the campus counselor.
