Call to Order - Chairman, Terry Hagler called the meeting to order at 12:10pm.

Introduction of the committee members and their role on the council was made by each individual and led by Terry Hagler. Mission statement was read and agreed upon by all members present. A SHAC guide was provided and an overview of the guidelines was given. District chose appointment selection for the council. Council is a three year commitment. Some members have been on the committee for a couple of years. Recognition that meeting was posted 72 hours in advance. Wellness policy is currently under a waiver until June 2022 and will be discussed at a later time.

Kristi Landeros gave a handout and discussed the free meals for breakfast and lunch program the district is participating in for one year at this time. Reports a reimbursement of \$4.32 per meal which has been a profit for the cafeteria this school year. Reports there has been a continued shortage of supplies due to universal issues. The shortage has caused changes in meal planning in order to meet the minimal nutritional guidelines. Discussed the offer vs serve program to help eliminate food waste. States all campuses except early childhood participate in the program with great success. Part of the minimal nutrition program is to serve and students must select either a half cup of fruit or half cup of vegetable. 3 of 5 components must be on tray to meet the guidelines. Promotion of healthy choices and smart snacks in all meals. Audit is tentatively scheduled for February 24, 2022.

Terry Hagler proposed future meeting dates as follows, December 15, 2021; February 16 and April 13, 2022. Meetings will be held in the performing arts center at the high school. A two week notice will be posted for future meetings. Lunch will also be served. No objection by committee members for dates, all in agreement. The December meeting will have two speakers, Craig Bessent for safety/social services and Lois Burleson for school health. Spring meetings will discuss health curriculum.
